Oxford and Cambridge Skiers Hold First Meeting on British Soil

History was written in Canadian and Empire ski annals at Ste. Marguerite, Que., over the end of 1931 and the beginning of 1932, when the ski teams of the Universities of Oxford and Cambridge held their Inter-Varsity meet on British soil for the first time. Hitherto the famous British Universities have always settled their winter sports differences in Switzerland, the recent visit to Canada having been made in the light of the "Buy British" campaign, and the encouragement of University Sports between different parts of the Empire. They also met Canadian college teams, were entertained at Ottawa by His Excellency the Governor-General, and made the acquaintance of a number of Canadian Ski Clubs. The pictures show (Dark Sweaters) the Oxford Team; (Light Sweaters) Cambridge, who won the British inter-varsity meet; and (in group) taken immediately after the Oxford-Cambridge cross country race. Left to Right: Alexander Keller, President of the Ski Club of Great Britain and Honorary Manager of the teams; timekeeper; W. (Bill) Thompson, Montreal, former Canadian Olympic Skier; starter; F. J. Walter, (Oxford) individual winner; W. D. Dunn, Cambridge second; and H. Spence, former British cross country ski champion and member of the technical committee of the Ski Club of Great Britain; timekeeper. Next a fine jump by three of the British undergraduates. All were enthusiastic about their visit to Canada and the beautiful mountain resort on the Laurentian line of the Canadian Pacific Railway. The party travelled from England by the Canadian Pacific liner "Montcalm" and returned on the "Duchess of York."

WHAT IS A BARGAIN?

In this community are hundreds of individuals and families on the watch for an advertisement which will offer them what they want at an advantageous price.

Call them bargain-hunters if you will, but thrifty shoppers would be the better designation. Thrift is a commendable trait and merchants should cater to it.

One family wants a new carpet—the need is not urgent. Another family is looking forward to buying dining-room furniture—it may not be for a twelve month.

One man is thinking of buying himself a watch. One woman a shopping bag; another an umbrella.

All can be made to buy earlier—by advertising. Advertising can make the desire so keen that the bargain is forgotten in the fever for immediate possession

A NOTE TO MERCHANTS Stimulate business by the offer of some slow-moving lines at special prices. Brighten up business by advertising some desirable goods at reduced prices. Make advertising banish dull business. Often you can tempt the buyer who is hiding his or her time, to buy from you—at a time of your naming.
