"The Proof of the Pudding"

LIFE insurance benefits... can be Proved while you are still ALIVE!

LIVING policyholders of the Sun Life were paid in benefits during 1931 \$68,000,000—THREE TIMES as much as beneficiaries of deceased policyholders.

This was due, partly, to the fact that trained Sun Life representatives, when selling insurance, counsel their policyholders how to secure a dual advantage—the maximum benefit to THEMSELVES, and the greatest protection to their DEPENDANTS.

The insured no longer have to "die to win." The wisest insurers vigilantly protect their policies and allow nothing to impair them. The Sun Life enjoys a remarkable record for the persistency of its business—largely the result of sound advice and expert service to its policyholders, by its representatives.

Sun Life representatives sold \$528,000,000 new paid-for insurance last year, making the Company's total business in force over Three Billions—an impressive reflection of public confidence.

To-day prudent men are not only taking on MORE life insurance; they are doing so after consultation with competent representatives of such a company as the Sun Life.

Consult a Sun Life representative or return the attached coupon to the local or head office of the company:

An Appeal to Those Who Can Pay

60 debtors make a total of \$308.00. Six times this number will aggregate \$1848.00, and we need the money.

We counted up the combined indebtedness of 60 of our subscribers and the total amounts to \$308.00, an average of a little over \$5.00 each. Eight of these subscribers are not in a position to pay because of lack of employment. Nine of them may or may not be able to pay, but forty-three of them are in a position to settle their accounts at any time. Will you not come across, please? We need the money and every cent of it will be spent in Markdale.
