Mr. Jas. Brown, who has occupied their house here for several years, has moved to the Beaton farm north of the village. Mr. John Stephenson will move from town to the Hill farm.

Arrested For Horse Theft
Gordon Perkins was taken into custody Monday by Chief Scott of Durham on a charge of alleged horse stealing, the arrest being made at the home of Mr. Ben Harrison, south of town. Perkins is alleged to have stolen a horse, buggy and harness from his former employer, Dan McInnis of the 12th of Proton. He is said to have come through Durham and proceeded to the home of John Bailey, near Dornoch, where he formerly worked, and where he stayed over night. He traded horses with Mr. Bailey and later went to the home of Elsmere Rawn, of Egremont, south of Barber's Corners, where another deal was put through. He was coming north on No. 6 highway when Chief Scott got wind of it and he went to the home of Mr. Harrison and got his man, who was then attempting to sell the third horse to Mr. Harrison.

Chief Murcar and County Constable Middaugh of Dundalk were in town looking for the man when the arrest was made and the Durham chief turned him over to the Dundalk police who took him to Owen Sound, where he is now in jail awaiting trial.—Durham Chronicle.

St. Matthias' Church, Berkeley Service at 3 p.m.

Illustrated Song Service
A very interesting illustrated song service was held in Annesley Church on Sunday evening. The hymns were thrown on the screen, verse by verse, each accompanied by a picture illustrative of the thought contained in the words. The hymns used were: "When Storms Around Are Raging," "Safe to the Rock" and "Count Your Blessings." Both words and pictures were very clear and fitted well with the pastor's theme, "drifting," based on the words "and so were driven," Acts 27:17. A large congregation was present and joined heartily in the singing. Mr. H. J. Armstrong sang an appropriate solo.

W. A. Meeting
The Women's Association of Cooke's Presbyterian Church met for their April meeting at the home of Mrs. W. W. Alcox. There was a fair attendance and the president, Mrs. E. Cullis, presided. In the absence of the secretary, Mrs. W. J. McGuire was appointed to take the minutes. The chief business of the meeting was making plans for a supper to be held in the Legion Hall the last of the month. A committee was appointed to make arrangements for the program. In the absence of Mrs. T. O. Miller, who was unable to be present, the missionary subject was not taken up.

Big Fire in Arthur
A disastrous fire completely gutted Chambers' Arlington Hall, combined service station, garage and recreation hall, situated on Main Street of Arthur, early Sunday morning, April 10th. The alarm was given by Mr. Geo. Jackson of Cumnock, who was driving through the town about 2.30 o'clock. The fire had gained considerable headway and, fanned by a stiff breeze, was soon beyond control. The village has no fire-protection due to the difficulty in obtaining water,

though the water mains and hydrants are installed. A bucket brigade was quickly formed to keep the fire from spreading. Fortunately the hall was detached, but it was not until daylight that the danger to the buildings in the path of the burning embers and sparks was past. A number of the business places were in great danger and most of them had the contents all packed and ready to move.

The Royal Bank had the large plate glass window cracked by the heat. The loss of this splendid building, which was only completed a year ago, will be keenly felt by this northern district and by the village. Without a doubt, the hall itself was one of the finest in Wellington County and was one of the finest in Wellington County and was the centre of the district's social activities. The insurance carried will not begin to pay the cost to the owners. It is impossible to state whether the building will be rebuilt.—Mt. Forest Confederate.

Here and There
Canada's total wool clip is about 21,000,000 bushels annually, while Canadian mills use at least twice as much as this every year, and Canadian consumption of manufactured woolsens equals about four times the clip.

Lake Louise Icelandic popples, one of the glories of this part of the Canadian Rockies, are in demand in thousands of gardens all over the world. Gardeners at the Chateau are now busy gathering seeds which will later be mailed to guests of the hotel this season.

Representing an increase of 31,000,000 bushels over the same period last year, 1930, 93,000 bushels of grain were marketed on a Canadian Pacific Railway western line during the twelve-month period since August 1, 1930. This gives the railway company a percentage of 52.3 of all the grain handled in that period.

More than 479,000,000 fish eggs, fry, fingerlings, and yearling fish and a few older fish were distributed last year from the hatchery establishments operated by the Fish Culture Division of the Canadian Department of Fisheries. Largest distribution was from the hatcheries in the Prairie Provinces.

Nipigon River Bungalow Camp Trophy competition is getting some fine entries this season. Recently a trout of seven pounds and one ounce was put in, and shortly afterwards, a six pounds, fifteen-ounce trout was taken. Catches of three to five-pound fish are frequent and one of the best seasons in years is reported from the camp.

J. O. Turcotte, Canadian Exhibition Commissioner, who visited Regina recently in connection with interior decoration in the magnificent new building which will house the World's Grain Exhibition and Conference, states that a start on this work will be made immediately. Decoration will be in grain seeds, no paint of any kind being used.

The Dutch wheat mixing law, effective July 4, enforcing a maximum of 25 per cent of soft domestic wheat in the making of bread in Holland, may lead to an increase of this percentage which should have the effect of creating a great demand for Canadian hard wheat, says J. C. Macgillivray, Canadian Trade Commissioner at Rotterdam.

"Development of Canada's ocean ports is not merely a Dominion problem but is a matter of interest and concern to the British Empire and the world as well," is the conviction expressed by Sir Alexander Gibb, G.E.E., world famous engineer and authority on port development and operation, who has been called in to superintend the rebuilding of the Saint John port facilities, recently destroyed by fire.

Stay of the King and Queen of Siam at the Banff Springs Hotel during the latter half of August marked the peak of the season at that famous Canadian Rockies resort. His Majesty, under the cognomen of Prince Sukhodaya, opened the Highland Festival August 27, and the royal party made a thorough inspection of the mountains in motor excursions, had a couple of fishing trips, saw a rodeo at Kananasksis ranch, and were guests of honor at a Powwow of the Stony Indians. 767

Chatsworth Branch: W. PROWER, Manager.

HOSPITAL MEETING IN MARKDALE
Wednesday, 4th of May at 8 p.m.

A meeting to discuss the problems of the Markdale Hospital will be held in the Council Chambers in the Public Library Building on Wednesday evening, May 4th, 1932, at 8 o'clock, to which all are invited. The hospital is a community institution and not only those in the village but those from the surrounding country should be at this meeting.

Spring sales are no longer confined to white wear, Easter finery, and smart plumage for the young man "whose fancy lightly turns", according to a recent announcement by the Canadian Pacific Steamships which will be far-reaching in effect.

Speeches, articles, and trans-Atlantic radio broadcasts do much to cement the bonds of Empire, but no better illustration of the truism "Transportation is Civilization" can be offered than the response which can be anticipated to the bargain sale tag "Trans-Atlantic fares reduced by 20c on the dollar."

In announcing this heavy reduction, George Stephen, Traffic Vice-President of the Canadian Pacific pointed out the desire of the Canadian Company that all classes of traveller should benefit by the reduction. In part, he said:

"New York opinion as expressed in recently announced changes in rates is to the effect that the higher classes of travel should get most advantage to the detriment of the large volume of passengers who cannot afford under present conditions to pay the higher grade of fares and who desire to take advantage of the up-to-date Third Class rooms, appointments and service at their disposal in modern ships."

"The comprehensive reductions in rates to cover all classes of passengers which are announced today by the Canadian Pacific Steamships indicate an interpretation of the present situation which will be appreciated."

This sentiment was amplified by the statement that for as small a sum as \$60, passage to or from Europe can be obtained on Canadian Pacific ships with a round trip for only \$108.

Other specimen reductions are, Empress of Britain, first class, minimum \$250 to \$200.
Duchesses, Cabin minimum \$160 to \$128.
Montcalm, Montclare, Montrose, Cabin minimum \$140 to \$112.
Round trip Tourist rates show a drop on the Empress of Britain from \$216 to \$172. On the Empress of Australia and the Duchesses from \$185 to \$148, while in the Third Class the Empress of Britain Round Trip rate drops from \$145 to \$116, the Empress of Australia and the Duchesses from \$140 to \$112, and the Mont class ships from \$136 to \$108.
