In Memoriam

BOWLER—In loving memory of our dear mother, Mrs. Joshua Bowler, who died June 2nd, 1930.
Deep in our hearts is a picture, Worth more than silver or gold; It's a picture of our dear mother, Whose memory will never grow old.
In our hearts her memory lingers, But we know 'tis vain to weep: Tears of love can never wake her, From her peaceful, happy sleep. Sadly missed by daughters, Laura and Medea.

Nurse Tells How To Sleep Sound, Stop Gas

Nurse V. Fletcher says: "Stomach gas bloated me so bad I could not sleep. One spoonful Adierka brought out all the gas and now I sleep well and feel fine." R. L. Stephen, druggist.

Maxwell

CANADA THE WORLD'S GREATEST PLAYGROUND
Wide Variety of Recreational Attractions

Canadians Fortunate in Holiday Advantages Their Country Offers

THE majority of Canadians probably do not realize what a wonderful choice of vacation opportunities this country offers. How many of us in any one province have first-hand knowledge of the wide range of attractions of our neighboring provinces? Many no doubt have gone abroad to seek a holiday, forgetting that our own Dominion is unequalled in the exceptional variety and range of its recreational resources. Surely a country which attracts visitors from other countries by the tens of millions must have recreational features of interest to its own citizens.

Recreational Areas Easily Accessible

It is so easy to travel in Canada that an interprovincial tour is a recreation which every Canadian vacationist may well and profitably undertake. All the developed and much of the undeveloped part of the Dominion is easily accessible by train, boat or automobile. Canada is served by two of the world's greatest railway systems and a number of smaller lines. The equipment and service are of the highest standard. Steamers built specially for pleasure cruising afford many pleasant trips along the coast and on the extensive inland water system of lakes, rivers and canals. A cruise from the head of the Great Lakes to the Maritime Provinces is nearly equal, in distance, to an ocean voyage. Good roads lead to practically all scenic and sporting territories. Canada's road system includes many thousands of miles of surfaced highways, well equipped with direction signs and danger signals. Tourist accommodation from campsite to hotel, is available almost everywhere.

Summer Resorts Numerous and Varied

Throughout the Dominion there are many summer resort districts which offer a wide range of attraction and variety of accommodation. On the Atlantic coast, in the provinces of New Brunswick, Nova Scotia and Prince Edward Island, are typical sea-shore resorts, where salt-water bathing, sailing and deep sea fishing are the principal attractions. The rugged beauty of this coast and the picturesque charm of the fishing villages, at the head of every inlet, cannot fail to enchant the summer visitor.

National Parks Cover Large Area

National and provincial parks in Canada cover nearly 25,000 square miles. They are areas which have been withdrawn from exploitation and are being preserved in their virgin beauty and wildness, for purposes of pleasure and recreation. The largest national parks are in the Rocky Mountains section of Alberta, a region of unsurpassed scenic splendour admirably equipped by nature for all forms of sport and recreation. There are also important parks in British Columbia, Saskatchewan, Manitoba, Ontario and Quebec. Accommodation ranges all the way from large modern hotels, to log cabins and tents. Fishing is one of the chief attractions in the parks, but game animals and birds are rigidly protected and their fearlessness never fails to interest visitors.

Government Bureau Free Information Service

For a number of years the Department of the Interior at Ottawa has been engaged in the promotion of the Canadian tourist industry, more especially the development of tourist travel from the United States of Canada. It is also endeavouring to influence Canadians to spend their vacation in the Dominion. The National Development Bureau of that Department will gladly furnish interprovincial road maps and other information for the use of those planning a Canadian tour, and where necessary will refer enquiries to provincial and local tourist organizations. Applicants should be as specific as possible as to the section of Canada in which they are interested, in order that available information may be supplied.
