CANADA'S

Permanent Character

Head Office Montreal

There is iron and rock in the veins of Canada, as well as gold and silver. The stern and heroic qualities that conquered a wilderness and built a Dominion, united from Ocean to Ocean, still predominate in Canadian character. There is a permanency in this country that grows out of that character. It is expressed in institutions as well as individual craftsmanship and frugal industry.

The Bank of Montreal was the first permanent Bank in Canada. Having successfully co-operated with this country's people and business through the ups and downs of 115 years, the Bank today faces the future firm in its faith in the permanency of Canada's progress and the character and resourcefulness of the Canadian people.
