HEADACHE

Frequent headaches mean too much acid. Neutralize the acids with Phillips' Milk of Magnesia. It ends your headache because it removes the cause. Take a little whenever a coated tongue or sour stomach or sluggish bowels warn you of an acid condition. Take it when you've eaten too heartily, or after any meal that "disagrees." Be sure it is genuine Phillips' Milk of Magnesia, in this bottle.

ALSO IN TABLET FORM: Phillips' Milk of Magnesia Tablets are now on sale at drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of genuine Phillips' Milk of Magnesia.

"The Only Medicine My Children Have Ever Had"

"From the day I purchased the first box for my first baby until the present day, BABY'S OWN TABLETS have been the only medicine my four children have ever had," writes Mrs. Harry Pilmer, Cumberland Bay, N.B. "This proves beyond doubt that BABY'S OWN TABLETS, by correcting slight disorders very efficiently at the beginning, prevent more serious ailments developing."

Mrs. Norman Langille, New Germany, N.S., says: "I have used BABY'S OWN TABLETS exclusively in rearing my DR. WILLIAMS'

three babies. My little girl, who was troubled for a long time with stubborn costiveness, derived the greatest bene-fit."

Give YOUR child BABY'S OWN TABLETS for teething troubles, upset stomach, colic pains, simple fevers, colds, constipation, sleeplessness, or whenever he is cross, restless and fret-ful. Children take these sweet little tablets as readily as candy—and they're absolutely SAFE (See analyst's cer-tificate in each 25-cent package.)
