

EUGENIA

Rev. Mr. McNeill preached a fine sermon on Sunday, taking as his text Verses 20 and 21 of the 2nd Kings, Chap. 14. Next Sunday the sermon will be suitable for Easter. We hope there will be a good turnout. The Sunday School had a good attendance as usual, 45 people present and collection 95c.

Mr. Jack Large leaves this week for Niagara and other points with prospects of securing a position. We hope he meets with success. Jack will certainly be missed in the village as he was prominent in social circles and made many friends. Last fall he acted a leading role in the play "Lena Rivers" and played his part in a fine manner. He has been indulged in Sunday School work this year, being teacher of a boys' class. About two weeks ago he gave the boys a party at the home of Mr. Bert Graham, where a jolly evening was spent in music and games. Lunch and ice cream were served and brought the party to a close. The boys have become very much attached to Jack who will miss the boys as much as the boys will miss him.

Mr. and Mrs. Will Benson and family are moving this week to the Cairn's farm and Mr. and Mrs. J. Colgan and family are moving near Saugeen Junction. We wish both families success in their new abode.

Mr. Lorne Carr was a visitor for a couple of days during the latter part of last week with his uncle and aunt, Mr. and Mrs. Geo. Lawlor, St. Hline. We were pleased to have a call from Lorne and his aunt, Mrs. Lawlor, on Friday. They called on their relatives, the Genoe families, and many of his father's old friends who were delighted to meet him.

Lorne, who is 22 years of age, is a handsome and clever looking young man and is the son of Mr. and Mrs. Will Carr of Calgary, who have a family of two boys—the other son, Jack, being the younger. Lorne said he enjoyed his little visit in Eugenia very much but regretted that his father wasn't here with him. He also was sorry that there were others of his father's old friends that he did not get time to call on, but hoped that his next visit would be longer.

Lorne has been sold to the New York Rangers, but may be sold again before the next hockey season begins. His career began in Calgary, Alberta, where his home is, playing junior hockey. He next played with the Vancouver Lions in 1930 and 1931, and with the Buffalo Bisons for the past two hockey seasons. We were pleased to receive from him a little booklet entitled, "The Bisons—Making Hockey History," as a souvenir. The booklet states that he is a dashing and effective player patrolling the right boards for the Bisons this season.

He skates with short quick strides, typical of Western Canada's hockey players and shoots with a snap of the wrist motion which is very deceptive to the goal-keeper. He is very often mistaken for Ronnie Martin who played for the Bisons last year and is called "Ronnie's Mirage." Both have developed the knack of carrying the puck close to their skates, thus making it very hard for opposing players to check them. They display uncanny ability to trick defenses and work their way right in on top of the goal; they back check with pep and willingness to help cover up a fellow player caught in the enemy's defense area; and they seem full of skate during the full time spent on the ice! We wish Lorne every success in the hockey profession, and as his father is an old Eugenia boy we congratulate him on the success of his son.

Mr. E. Paul has not been very well the past few days but we are glad to know he is recovering.

We are pleased to report Mrs. R. Park and Mrs. Fogg, who have been ill the past week, on the way to recovery.

The Kimberley correspondent to the Owen Sound Daily Sun-Times informs us that fourteen deer have been seen in that locality during the past winter. We do not wish to question the veracity of the Kimberley reporter, but when they allude to animal deer being so numerous in such a well populated and civilized beauty spot as the far famed Kimberley Valley district we would quite naturally surmise that it is entirely probable that one deer had been seen fourteen times.

The glorious springtime is here again and generally speaking it is as welcome as the flowers in May. In a few weeks hence foliage and vegetation will present to view an aspect of perfect natural loveliness as all nature responds to the warm, re-animating sunshine and the balmy breezes blowing from the sunny southland. Already a number of our early migratory birds such as the robin, meadow lark, plover and song sparrow have returned to their summer habitations, while the Bobo-links and pee-wees, which are at present lingering "Just around the corner," will arrive in the near future.
