"Never mind—we'll soon fix that"

Mrs. Hendry was in great distress. She had broken her spectacles and the prescription was at the optician's in the city.

"That means I can't go to the social tomorrow night," she said. "Whatever will I do?"

"Don't worry," Tom Hendry consoled her. "I'll just phone the optician right now and he can have a new pair here in tomorrow's mail."

In any emergency, great or small, your telephone is ready to help. Long Distance is easy to use, clear, quick and surprisingly inexpensive.

For 30 cents you can telephone about 100 miles by making an "any-one" call (station-to-station) after 8.30 p.m. See list of rates in front of directory.

WHEN you're admiring Chevrolet's Fisher No-Draft Ventilation, smart styling and other ultra-modern features—don't forget that here's a car that's economical on everything. It gets right down to this business of saving, on the very day you buy it—with the lowest purchase price of any six-cylinder closed car! And it keeps on, week after week, with one steady succession of important savings—as long as you drive the car: Fill up the fuel tank of your Chevrolet, and you won't have to fill it again for hundreds of miles. Put five quarts of oil in the crankcase, and the chances are those five quarts will still be there when you change your oil again. As far as upkeep is concerned—Chevrolet has the best reputation of any low-priced car, for a long life of trouble-free performance. No other automobile can point to all these economies, and back them up with proof. Because no other is designed, engineered, built and priced to save you money in so many ways—and save you so much!
