Mould lose Roger—she knew she
would lose him—and that would be the hardest part of it all.

Molly did not mind for herself. She could disappear into the maelstrom of life, but there would always be an empty place in her heart that no one but Roger could ever fill. If only she could teil him the truth! As the hours of the night sped by she debated with erself whether such might not be the wisest course. She felt that Roger Well, if that is all the information you would believe her, that Roger would inderstand the desperate situation in little to discover the whereabouts of which she had been placed. He had hinted that he disliked Paul Silver in- that there are approximately eight the that he district her as million people residing in Greater he had offered to do that night when London; that there are probably; sevbelieved her to be a friendless girl eral thousands of those people bearing in the heart of London's millions. But there was always the danger that per-hypothesis that this lady may have Laps Roger might not want to under-stand. He had told her that the reaon for his non-recognition of her at with a name similar to her own and Lawn House was because he imagined that she had deceived him. That pointed to the conclusion that Roger hated slender information. It would take d to the conclusion that Roger hated deception of any kind.

disillusionment that must dawn sooner or later. He was happy non—happy in the thought that he had been at last reunited to his daughter. last reunited to his daughter. So far she had done what she had largely with the object of causing him as lit-tle pain as possible and in the hope that one day she would seek out a private inquiry agent and set the wheels of investigation revolving in

Major Carstairs had breakfasted

hen Molly emerged. "Late nights," he laughed, wagging a finger at her, "don't seem to be suiting one little person of my acquaint-

Molly smiled also. "I don't know why I should have been

"Idon't know why I should have been so sleepy," she told him, "but it was awfully jolly, wasn't it?"

"Well," he mused, "I think you might have invited me to have just one dance, don't you think. I told young Barling about it afterwards in the cloak room. Seemed quite upset, poor fellow. Of course I was only he inquired for Inspector Blayton, and

just the right type; though I thi

ought to do something for a living," he added, seriously. Molly attacked her breakfast heart ily while Major Carstairs told her of an appointment he had at the War Office, and that tonight he had promised to address a meeting in connection with "some All-India League."

"So you see, my dear," he intimated pologetically, "I'll have to leave you o your own devices, unless I 'phone cung Barling." "Please, not that," Molly protested

There are heaps of things I want to

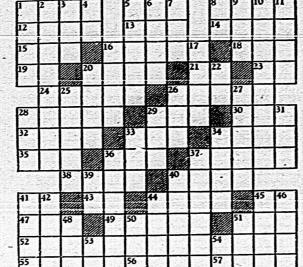

"All that" consisted primarily in hunting out the smartly appointed office of Mr. Frank Millsome, Private Inquiry Agent, of Temple Court. Mr. Millsome was an energetic-poking man in the middle forties and

looking man in the middle forces and looked rather like a stock-broker. "Well, Miss Carstairs," he smiled

in his friendly way, "and how can be of service to you?" "I'm afraid I've come to you with a quite hopeless task," she began. "I want you to find someone who once had the same name as myself. Whether she has that name now, I don't know All I do know is that some time agoagain I cannot tell you how long—she was a ward of Mr. and Mrs. Paul Sil-ver, who now reside at Lawn House, Varley Road, Hampstead. I believe she ran away from them and has not been seen since. I take it she is about wenty-five years of age, beyond that

can tell you nothing. But she must found, Mr Millsome,"
Mr. Millsome had been making ew leisurely notes on a scribbling pad on the desk in front of him. At the mention of the Silvers his eyebrows had devated themselves ever so slightly, and certainly not sufficiently to indicate to the girl who sat opposite him that the name conveyed anything

whatever to him. "I noticed that you used the expres sion 'impossible task,' Miss Carstairs

"But I do so want to find her. It is so important," pleaded the girl. "Might I be told the reasons for your request?" Mr. Millsome asked. Molly hesitated. "I don't think ! can tell you that until I have found ter," she told him. "Well, I'm afraid I can't promise 700

anything," he said, as he rose from his chair, "but if I do find a clue, you may rest accured that you shall be ac-

quainted with it immediately."

"Thank you ever so much," sighed Molly, as he held open the door.

Having satisfied himself that the

the cloak room. Seemed quite upset, poor fellow. Of course I was only joking when he asked me whether I thought you'd like to go out dancing with him again, I said he might ask you. I'm afraid my little girl is slipping away from me."

Connected to that august institution he inquired for Inspector Blayton, and after . moment's pause he said: "That you, Blayton; this is Millsome speaking. I've just had a young woman here asking me to discover the whereabouts of a certain Vally Cartesian." Molly colored prettily. "Of course who disappeared from the custody of I like Mr. Barling very much, but—I don't think I shall ever marry him." 'Stuff and nonsense," protested the her inquiry but it may interest you to Stuff and nonsense, protested the Major. "Of course you will. He's know that she bears a name similar to that of the missing girl. As soon as she mentioned Silvers I knew you'd

be interested." "Many thanks, old man," came back Blayton's deep voice over the wire. "This is an entirely new angle. I'll trot along and have a chat with you

n an hour's time. So long."

Molly reached the flat in time for lunch. Major Carstairs had arrived a few minutes before and as she passed through the entrance hall she saw awaiting her on the oaken ches that stood opposite the door. Eagerly she picked it up and studies the envelope carefully. At arst she thought that Roger had written to her, but it at Raleigh. was obvious that the handwriting was that of a woman.

"Finished the shopping?" called the Major, from his room, "I'll be with ou in a moment."

Molly sang out a reply and passed into her own room taking the letter

With eager anticipation (for it

letter from anyone), she tore open the envelope and pulled out of it a small sheet of notepaper. And this is what she read:

The writer will be glad if Miss to call at 74b Rivington Gardens, Grenwich, tonight at eight o'clock. You will be advised also to bring along with you twenty pounds in Treasury notes. Failing this the rightful Molly Carstairs will be obliged to pass on certain infor-mation to the police.

There was no signature. Just that The color drained from Molly's face "Failing this the rightful Molly Car stairs . . ." She felt her whole body trembling violently. This meant that i: stead of her finding Molly Carstairs the latter had found her. But wha did the remainder of that letter mean It seemed to suggest that Major Car-stairs' daughter had no intention of revealing herself; that she was con-

tent to resort to blackmail. Molly stood staring at the strange do? The question reiterated in her and out.
mind, but there could be only one an"Resea swer. She must go tonight to Green-wich and see Molly Carstairs for her-

Tin—the Metal of A Thousand Uses

British Producers Have Planned Gigantic Scheme -

Government Backing the future, tin-plated inside and out, that Mme. d'Assonleville would become with tin-plated baths and fittings, is provided by a scheme almost com pleted by British tin producers.

The scheme, which includes a tre-nendous world drive to make tin the metal of a thousand uses, has Govern ent backing

Colonel S. Heckstall-Smith, who has just returned from a European tour, during which he appointed observers in each country to report, said:

"In the short time the scheme has been at work, researches and investigations have brought to light the fact ressage with a terribly num feeling that homes as well as business houses drugging her brain. What should she of the future will be tin-plated inside that homes as well as husiness houses

"Research workers have discovered a method to plate-wood, such as panal-led walls, ceilings and household effects by spraying them with powdered

"In the home of the future the porcelain or marble bath and fittings give way to the heavily tin-plated the event of default. articles, because they do not tarnish

or rust. vater pipe is to be replaced by piping containing tin, which is 20 per cent. cheaper, over 30 per cent. lighter, and is not liable to become corroded.

"Researches are going on to perfect bronze and make it weather-proof. "Its perfection will mean that our manufacturers will stand a chance of aining the old ones."

Approximately 250,000 people are employed in the tin industry, but it is anticipated that this number will be more than doubled within the next three or four years.

The Human Prince People sometimes ask: What is the secret of the immense popularity of the Prince of Wales?

There is no one secret; but his knowledge of human nature and the fact that His Royal Highness is him self so human ere potent factors in his universal populatity.

For instance, when the Prince paid his first visit to Rothesay, could there be anything more delightful than the happy way he addressed the British left arm was so painful. I take Krus Legion: Said the Prince: "When I left chen every morning, and the pain has was going. I told him: I am going to doctor to take salts of some kind that Rothesay, because I have been Duke suited me, and I find Kruschen is the
