PASTORAL LETTER

Of the House of Bishops of the Anglican Church.

The Bishops of the Church of England in Canada assembled at this time are acutely aware of the days of prolonged depression, the heavily on all classes of our people and desire before we separate to send to all a message of greeting and of profound sympathy.

Who as economic or financial experts that we address you, that is not our province. We speak as Chief Pastors of Christ's flock. We are thinking with deep concern of the continued unemployment of a large proportion of our fellow citizens; of the strain upon many of our families; and of the loss of independence in the homes of men hitherto self-supporting and self-reliant; and of the dread arising from uncertainty and insecurity which haunts the lives of all.

We are remembering both older men who are looked forward to now face permanent loss of occupation; and younger people trained for professional, commercial and industrial life, who have no opportunity of succeeding in the careers for which they are equipped or of earning their daily bread.

We do not forget the growing army of homeless men and boys without occupation of any kind, who have taken up "the way of the road," and are wandering by railway or highway from one end of the country to the other and back again. Our hearts are wrung also by the distressing poverty of thousands, in the drought-stricken areas of the prairies, and in other parts of Canada. We are not unmindful of the grave anxieties of those upon whom the responsibility of administration and leadership rests in the present world wide conditions of unrest.

This is a dark picture but unhappily it is not a picture of the imagination but a record of fact. We have noted with pride and thankfulness the brave and noble spirit manifested by the vast majority of our unemployed, who have shown the greatness of their manhood and the reality of their faith by courageous endurance. It has rejoiced our hearts to see the willingness of so many of our people to help those in need, not only in their own sections but in other parts, but by private and personal service. It is inspiring to see those whose incomes have been diminished, many of whom have little left, help others who have nothing, and the action of those employees who are keeping on their employees at personal loss is most praiseworthy.

Times of crises are times of testing, when the strength and weakness of personality are revealed. We thank God for those who have revealed their Christian character by suffering nobly, or by sacrificial service.

The causes of the present distress are manifold, economic, financial and political. They are also predominantly moral. Greed and selfishness are the root causes of corruption in personal life, in industry and commerce, and in public life.

"Love of self, self-interest, selfishness individual and corporate, brought about the Great War." They have also brought about the distress of today. "If the desire of self-interest and greed were cast out, the battle would soon be won."

It is not a question primarily what system of Government or economic order prevails, corruption, which often works better than any system however good it may be theoretically, as experience has demonstrated. No institution can be permanent that is not rooted in righteousness, which is the most practical thing in the world, without which stability and confidence are impossible. If we would serve and save our country we must grate the removal of the injustices and wrongs which mar our economic, social and political life. Christ insisted on the sacredness of each personality, uncompromising righteousness and co-operation among men as children of one Father. He cannot without disaster be excluded from politics or industry, or any other of our social relationships. No self-regarding purpose will suffice for the Kingdom as He saw it. This will lead inevitably to sacrifice for others. The Cross stands central in the Christian view of life.

We call all to an increased devotion to Christ. Vital religion is our greatest need. Vital religion is personal relationship to God in Christ. The essentially Christian life is Christ-centred, not self-centred. He challenges all brave souls to follow Him in a life of honest and patient endeavour for the good of all men in the spirit of self-sacrifice and good will.

We therefore appeal to you to unite in earnest and unceasing prayer that our Heavenly Father would guide us through these troubled times and bring good out of evil, that He would sustain and encourage all who are in need, and that He would give to us all the spirit of unselfish service in His name, in His spirit.

IN MEMORIAM

SHAW—In loving memory of Frederick Shaw, who passed away November 1st, 1933.

Little eyes so soft and gentle,
Little life without a stain,
Little lips that smiled so sweetly,
Little form that suffered pain.
In our hearts his memory lingers,
But we know 'tis vain to weep;
Tears of love can never wake him
From his peaceful, happy sleep.
Ever remembered by his grand-
parents, Mr. and Mrs. Harry Shaw
and Family.
