"For the Children's Sake"

A NEW YEAR MESSAGE TO EVERY MOTORIST IN ONTARIO

Well done, Ontario drivers! The accident record for the entire year 1933 has not been compiled as yet, but at the end of November the number of fatalities from motor vehicle accidents was 87 less than the total recorded during the first eleven months of 1932. For this marked improvement the Government of Ontario offers its thanks and congratulations to the motorists of the Province. It is a definite indication that the majority of drivers of motor vehicles in Ontario are co-operating in a real endeavour to reduce the waste of human lives on street and highway.

But there is room for improvement yet. The toll is still too great. In eleven months of 1933, 368 lives were sacrificed. And most distressing of all is the fact that children are frequently the victims. Here then is an objective well worthy of any effort—and its cost is only a little more care as you drive.

If by any fault of your driving or from any neglect of some simple rule of safety, you were to deprive some child of health and strength, perhaps even of life itself—what a responsibility would be yours! For the children's sake this appeal is made to you, and to every motorist in Ontario: that through this winter you drive carefully, cautiously, sanely and safely, lest one child's life be lost or one little form crippled or torn.

The days of winter are days of difficult driving—of icy roads and slippery streets—when vehicles slide and slip over treacherous surfaces—and when accidents and fatalities may happen without warning, if drivers fail to realize the imperative need for added care and extra vigilance.

To ensure that the gratifying improvement made during 1933 will be maintained during the dangerous days of winter as well as throughout all the coming year, your continued co-operation is required. Will you not make this resolution for 1934, if only "for the children's sake": to protect life and health by driving with courtesy and caution, by observing the simple rules of the road, and by making "safety" your motto as you drive along the streets, the highways, and the by-ways of the Province?

If you will, 1934 will indeed be a HAPPY NEW YEAR.

Minister of Highways
