TEA TIME TALK

(BY WILMA J. MARCH)

Springtime everywhere in the Southland! Window shops are bright with the breath of spring—gorgeously gay with brilliant hues and many of the softer tones of gold courses are spotted with white, flannels and jackets of many shades. Tourists are flitting around in this festival, and that "Home Going," as a last fling before resting for the trip back home. No doubt the winter months have flown much more quickly here than up there as the warm, bright days coax one out-of-doors to the many attractions nearby.

In the district of Algonquin Park one hundred miles of snow has fallen to date and the thermometer was above zero for only two hours. But the fact of snow means better crops in the farm districts and less danger of forest fires in the timber districts by keeping swamps filled with water to keep natural fire-breeds common. It did not know that during 1933, in spite of a greatly reduced staff, the area burned over in Algonquin Park was far below the average annual figure.

Tomorrow I go, with a party, to the Singing Tower to hear the bells. Last Thursday 6000 visitors heard their silvery chimes, it being Washington's birthday and the burial day of King Albert of Belgium, thus the program was dedicated to the honor of these great men. The same day our airport was officially opened. Two thousand people attended the fish fry and the aeroplane stunts. Hundreds of people went for a ride. The enclosed Stinson plane, carrying four passengers, was \$1.50 a ride and the smaller open planes \$1.00, and later, after a downpour of rain, the charges were reduced to 50c. I experienced my first ride and I loved it so much that I wouldn't mind owning a plane of my own. One

old man ninety years old had a thrilling ride in the Stinson plane and he liked it too. The airport was the result of the C.W.A. Fifteen hundred pounds of perch and mullet were given out with bread and coffee to guests. The fish were rolled in corn meal and fried in large pots of deep fat.

After a delightful day spent in the Singing Tower district and seeing the same plane at Lake Wales airport, I am back home and will tell you a few things which impressed me during the trip. To start with, it was not—the multitude of people in the Stinson grounds were attracted in summer apparel. The bells chimed the hour of 11:30 and then the program began with the National Anthem. The next number was that lovely melody, "The World is Waiting for the Sunrise," by our own Ernest Seitz. There were a few Ontario cars and it always gives me a thrill to see them. A roadside

but Toronto was home to him. To my pleasure I found out that Mrs. Furniture—good and bad," meaning new and used. Speaking of furniture—last week while in Tampa I was speaking with the head decorator in a furniture store and was told that he worked for several years with the Simpsons. He asked this favor of me, that when I return north I try to locate, if possible, the best friend he ever had—someone who used to live in Toronto and from whom he has not heard for many years.

Last Thursday night I was parking the car down town, when a gentleman came and asked me where I hailed from in Ontario. He was in the tourist camp with his family—Mrs. Williams this fountain pen. Word has been received from Mrs. J. A. McArthur of this place, passed away at the home of her daughter in Toronto. She was 68 years of age. The funeral took place at Havelock on Wednesday. Dr. McArthur attended the funeral.

The choir and congregation of Cooke's Presbyterian Church held a miscellaneous shower at the home of Mrs. Harper Broadner on Tuesday evening, March 6th, in honor of Mr. and Mrs. Norman Walsh (see Hazel Walden), who are recently married. Miss Shirley Semple read the address and Mrs. K. S. Gemmel presented the gifts. Lunch was then served and the remainder of the evening was spent in dancing.

Markdale citizens and the councilors in particular have had a great deal of worry during the past few weeks caused by the frost affecting the water services and mains in the village. An electric thawing machine was procured and put into use. Services were opened up but in most cases were frozen again the next day. Last week the main on Toronto street, south of the Main street corner, became frozen and when thawed Saturday morning it was found to be broken. A gang of men worked all Saturday night breaking through the pavement and frozen ground and on Sunday the pipe was repaired with bands and put into use to stop the leak. A new pipe was secured and is being placed in position. The water was turned on on Tuesday to serve that section of the village which has been shut off for several days. The Rev. and Councilors, John R. Dillon particularly, deserve commendation for the prompt actions they have taken to combat the severe frosts of the past few weeks.

MARRIED

WALSH - BEATON WALDEN - At the Manse of St. Andrew's Presbyterian Church, Owen Sound, on Monday evening, February 19th, 1934, the minister, Rev. J. T. Strachan officiating, the marriage was quietly solemnized of Miss Hazel Beaton Walden, foster daughter of Mr. and Mrs. B. H. Walden of Markdale, and Mr. Norman A. Walsh, second son of Mr. and Mrs. W. P. Walsh of Owen Sound. Mr. and Mrs. Walsh will live in Owen Sound.

HOCKEY

In the Markdale Rural Hockey League series played here on Friday evening last Cherry Grove won from Vandeleur by a score of 5 to 2. Vandeleur boys have not won a game in the series yet but they are making a good showing on the ice in spite of the fact that none of them even tried to play previous to this season and many of them learned to skate very recently.

In the second game Proton defeated the River Rats by three to two. This was a strenuous game and both teams kept up a strong bid for supremacy right to the last bell. Messrs. M. Perkins and R. Singleton handled the game and kept the players well under control. The visitors have a strong aggregation and every man does his best. Markdale was just as good as the visitors on the ice but were unable to find the net when they got in position to score.

Markdale juveniles defeated Dundalk juveniles on Wednesday evening by a score of 6 to 4.

ROBERT J. BOYD

Mr. Robert John Boyd, one of the most highly respected residents of this locality, passed away at his home on Highway No. 10, about one and a half miles south of Berkeley, on Friday morning, March 2nd, following an illness of several weeks. He would have reached his 53rd year on April 1st next. For the past 60 years he had resided on the farm where he passed away.

Many floral tributes were placed on the casket by sorrowing relatives and sympathizing friends.

TROPHY PRESENTED

An interesting event took place in Form II of the Markdale Public School when the T. Eaton silver rose-bowl was presented to Master Bruce Graham. This beautiful trophy was awarded by the T. Eaton Co. to the pupil receiving the highest number of points on his exhibits at each School Fair held in Ontario last fall, and at the Markdale Fair Bruce headed the list of successful exhibitors. He is nine years of age and is the oldest child of Mr. and Mrs. Wilfred Graham of this village and is in the Senior Second-class, taught by Miss Wilma Patterson.

Bruce is an industrious, mainly little fellow, who stands well up in his class and is fond of healthy outdoor amusement.

Mr. T. Cooper of the local District Agricultural Society presented the present method of financing the School Fairs and stated that many more prospects would take part in the School Fair held in 1934 than in 1933. He is of the opinion that those schools and those pupils participating in School Fair work are always considerably in advance of the schools which are not interested in the work.

The Department of Education and the Department of Agriculture are jointly responsible for the organizing and conducting of the school fairs in the province. Both departments are most desirous that special attention be given this branch of work. Mr. Cooper intimated that he was greatly indebted to the teachers, especially the raters, particularly and the pupils generally for supporting and carrying on the School Fair work through the depression and concluded by asking Principal W. J. Messenger to make the presentation. In doing so Mr. Messenger mentioned the honour that Bruce had brought to his Form and to the school and of the fact that a trophy such as this is rarely won by so young a pupil. He also stated that the pupils who were leaders in the School Fair activities were usually the leaders in the subjects of the school curriculum as well due to their broader education, and continued to hold the same high standing in their High School careers, and so the time and effort spent on School Fair exhibits was by no means lost.

Bruce made a neat little reply on receiving his prize. He is to be congratulated on the industry that enabled him to win such a keenly contested award.

BANKING CREDIT IS AVAILABLE

Commercial loans in Canada, it is sometimes suggested, have shown a declining trend through restriction of credit by the chartered banks. The truth is that more banking credit is available than those directing sound enterprises are able or willing to employ.

This bank has not in the past, and does not today, withhold credit for legitimate and sound purposes.

It has had, and it has today, ample resources from which it is prepared to make loans.

Enquiries are invited at any one of its 364 offices throughout Canada.
