PRESENTATION

The home of Mr. and Mrs. Otto Baker was the scene of a happy gathering on Tuesday evening, June 12th, when many friends and neighbors gathered to tender their good wishes to Mr. and Mrs. Elmer Stoddart, recently married.

During the evening the young couple were asked to take seats of honor. The following address was then read by Miss Hazel Wyvill:

Vandeleur, June 12th.
Dear Elmer and Dorothy—We, your many friends and well wishers, wish to take this opportunity of coming together this evening to convey to you our heartiest congratulations and best wishes for a long and happy voyage in the Sea of Matrimony.

It has indeed been a privilege to have had one so cheerful and helpful in our community as Dorothy has been. We have all enjoyed our associations together and we hope that you will come back and join in our activities and social functions whenever you can. We don't want you to leave friend husband at home keeping the hens out of the garden. And we want you Elmer to know that a welcome awaits you at all times in our community.

Therefore to put our good wishes into form more tangible than words we ask you both to accept these gifts as tokens of the high esteem in which you are held.

Signed on behalf of your neighbors and friends,
Marion Boland
Hazel Wyvill
Kendall Teeter

A well-laden basket was then carried in by Lloyd Boland and Kendall Teeter. After the parcels were unwrapped and presented the groom made a very fitting reply which was followed by a reply from the bride. All joined in singing "For they are jolly good fellows".

Lunch was then served. The evening was spent in social intercourse, cards and dancing.

Order your counter check books at The Standard office.

Electors of South Grey

On Tuesday, June 19th, you will decide by your ballots how you will be represented in the Legislature of Ontario during the next parliamentary term. The records and achievements, the pledges and promises of candidates and parties have been reviewed by the press, over the radio and from the platform. The issue is in your hands for a verdict. If you are interested,—and you should be,—you will realize that this matter of choosing your Government and your Representative is of outstanding importance. There is nothing more important to the people of Ontario than their own welfare. It is equally true that, in large measure, the activities of Government affect our welfare. The biggest business in Ontario is Ontario's business.

Win Kernahan

HOW WILL YOU VOTE?

If you are inclined to believe that, after all, the two party system of Government is best for our Province—

If you are prepared to admit that experience in business administration is desirable—

If you stop to consider that no charge of maladministration has been successfully made against the present Government—

If you would support a Government active in promoting the moral, social and economic welfare of our people—

If you can appreciate the fact that this Government, without claiming perfection, has gone far in achieving these things in these difficult times, has balanced its budget and maintained Provincial credit—

THEN YOU CAN — AND WILL

VOTE KERNAHAN

Markdale Farmers' Co-Operative

As member for South Grey in the Legislature, I have worked in the interests of my riding and the people of Ontario as a whole. I have voted on the merits of questions uninfluenced by the campaign funds provided by corporations and contractors, or by party discipline which leaves members little liberty.

I have advocated a clean up of the Packers' racket and a lessening of charges at the Union Stock Yards. I worked faithfully on the Agricultural committee in the interests of the farmer as was made clear by special mention being made of me in the report of the Legislature on these matters to the Stevens Committee.

This last session I introduced the Debtors' Equity Bill which sought to protect the debt burdened householder and farmer in proportion to his equity in the property.

Two years ago I introduced a resolution advocating increased trade with Great Britain, forcing the question to a vote in the Legislature.

I have urged that less stress be made by Government and Agricultural Colleges on production in Agriculture and more on the processing and marketing ends. I have assisted, in every possible way, the First Co-operative Packers in Barrie as a first step toward the mastering of the processing of his products by the farmer.

Long ago I advocated the nominal charge only for automobile licenses and the spending of all car levies, whether on gasoline or license, on roads and the providing for a repayment fund to retire the highway bonds out of this revenue.

The daily press have several times credited me with vigorous defence of the peoples' interest. If this is what you want in your member then vote Oliver on June 19th as soon after eight in the morning as possible, but at least before the polls close at 7 p.m. And remember a marked ballot is all that counts on election day.

However, if you want to support a government that protects the wealthy against the poor, the strong against the weak—a government that gives the people beer instead of bread—vote Kernahan.

If you want a member bound hand and foot to party issues, enslaved by party funds, serving his party and not his riding—vote Kernahan.

If you want to support a government that has increased expenditure from 291 million to over 600 million—vote Kernahan.

And last, if you are fooled by the great show of activity and the reckless spending of the peoples' money in these election weeks, then by all means, vote Kernahan.

F. R. OLIVER.
