## HOUSE BURNED

Fire completely destroyed the fine brick residence of Mr. E. McKibbin, of Massie, on Tuesday afternoon, with almost all of its contents. The fire was discovered about 2 o'clock and had evidently started in the woodshed at the rear of the house, and spread very rapidly into the main part of the residence, and in a very short space of time the entire building was a mass of flames and there was little that could be done.

An effort was made to get the furniture out, but the heat was so intense and the flames spread so rapidly that only a very few articles were removed.

Mr. McKibbin's loss will be quite heavy, as the insurance he carried on the building and the contents will not anywhere nearly cover it.

## WODEHOUSE

## Nova Scotia Guides Provide Real Thrills

Time: During the full moon of August.

Place: Lake William, Lunenburg County, Nova Scotia, Canada.

Scene: A beautiful woodland lake with sloping banks clothed with evergreens and silver birches.

Performers: The licensed guides of Nova Scotia, true sportsmen, celebrated for their skill in the various arts of hunting and woodcraft.

Lake William, Nova Scotia, has become well known in recent years as the scene of the Sports Tournament of the Nova Scotia Guides. These men stage a full week's program unique on this continent in atmosphere and appeal. Hundreds of tents are set amid majestic pines and birches, and at night the scene has ir-

resistible charm. Numberless camp fires light up the surrounding forest and lake and the moon beams strike the water and stray through the trees. Crowds gather around the camp fires and hearty community singing is a pleasing feature.

The days are given over to a varied and interesting program. 200 yard ranges are provided for heavy rifle contests and separate ranges for the .22 rifle and revolver contests. The Trap Shooting Association of the Maritime Provinces of Canada hold their annual shoot in connection with these sports. A sheltered cove affords a fine setting for fly-casting to show distance. Last year Bill Edson, champion fly-caster of New England, broke the world's record for distance at this Meet. Exciting canoe races and

burlesque and spectacular contests furnish fun and variety. Tub races, greased pole contests, canoe tilting, kettle boiling and landing the human fish are amongst the regular stunts. The latter is a strenuous contest between the best fly caster and a powerful swimmer with a special harness over his shoulders. The Nova Scotia Government exhibits at this Meet native wild animals including moose, deer, bear, raccoon and others, also native birds.

Many who attend the Nova Scotia Guides Tournament bring tent and blankets and rough it among the big trees. Others find abundant hotel accommodation in nearby hotels, country inns or farmhouses. Of course the best of fare is served on the grounds. The dates for the 1934 Meet are August 20-25.
