Returns From Old Land

Mr. John Caesar of Vancouver, B. C., was a visitor in town on Thursday last. He had just returned from a trip to the old land where he spent some time in the printing establishment where he worked as a young man and carried home with him several souvenirs presented to him by the present management. While in London he was presented with a model of the C.P.R. boat "Empress of Britain". The model was cut from wood by a one-armed soldier.

It was a complete duplicate of the original and Mr. Caesar is very proud of the gift which came from one of the higher officials of the C. P. R. It was given to him because he is now the oldest employee of the great railway company, having received pay cheques regularly for 63 years. Mr. Caesar was formerly the C.P.R. agent here and became known from coast to coast because of the beautiful flower gardens which were his hobby here. He is getting to be an old man in years but is still hale and hearty and looks and acts as though he would be good for a great many years yet.

Won Shield

A feature of the Rally Day Service held recently in Cooke's Presbyterian Sunday School, was the presentation to the superintendent on behalf of the school, of the silver shield, awarded by the county organization of W.C.T.U. to that Sunday School within the county, having the highest percentage of its eligible enrolment taking part in contest. This is the second year Cooke's Sunday School has won the shield, their percentage in the last contest being 63. In the absence of the county president or county superintendent of temperance in Sunday Schools the presentation was made by Mrs. F. J. Ritchie.

How Many Credits Will It Take To Win Chevrolet??

With the second lap of The Standard's Subscription Drive under way many candidates and their friends are wondering just how many credits it will take to win that Chevrolet automobile.

Ever and anon the query floats over the campaign manager's desk: "How many credits do you think it will take to win that Chevrolet?"

Frankly, we haven't the slightest idea!

But we can tell you something about HOW that Chevrolet car will be won! The candidate who wins will be one who takes advantage of every possible opportunity to earn credits and wastes no time worrying about what the other fellow is going to do!
