A presentation of sherbet dished

was presented to Mrs. Earl Brown

The year 1935 is here—a new year with renewed hopes, wishes and resolutions. May we suggest one resolution that would be of good judgment and sound business: that is, that you fully patronize Markdale Creamery throughout the coming year. We are glad to report that in the last season we made another substantial increase over previous years.

Our object in the coming year is to still make a further increase, and in order to accomplish this we must make a mutual effort. We will, on our part, try to pay the HIGHEST POSSIBLE PRICES plus best of year-round service, and you, on the producers part, to give us your full patronage the year around, enabling us to keep up the above practice.

Producer bear in mind that your local creamery, which faithfully serves the farmers of the district the entire year, is your greatest

Markdale Creamery and Produce Company

KORD-V-8

The New Ford V-8 for 1935 is the biggest and roomiest Ford car ever built. It is a strikingly handsome car, with modem lines and new, luxurious appointment.

But most important of all it is especially designed to give you smooth, easy riding over all kinds of roads-"a front-seat ride for back-seat riders."

use of three basic principles never before combined in a low-price car. I. Correct distribution of car weight by moving engine and body forward eight

This ease of riding is achieved by the

and a half inches. 2 New location of seats by which the rear seat is moved forward, toward the centre of the car away from the rear axle and away from the bumps.

3. New spring suspension which permits the use of longer, more flexible springs and increases the springbase to 123 inches.

A New Ford V.8 That Brings New Beauty, New Safety, and a New Kind of Riding Comfort Within Reach of Millions of People

> The result is Centre-Poise - which not only gives you a new riding comfort but adds to the stability of the car and its ease of handling. You can take curves from seven to eight miles faster with periect safety.

There are many new features in the Ford V-8 for 1935 which make the car still easier to drive. New brakes give more power for stopping quickly with far less foot pressure on the pedal. A new type of easy-pressure clutch employs centrifugal force to increase efficiency at higher speeds. New steering mechanism makes the car still easier to handle.

The New Ford V-8 for 1935 retains the V-8 engine which has demonstrated its

dependability and economy in the service of over a million owners. There are refinements. but no change in basic design. You buy premium performance when you buy this Ford V-8-full 90 horsepower and 85 miles on hour.

We invite you to see this New Ford V-8 at the showrooms of Ford dealers. You will want to ride in it—to drive it yourself. You will find it a new experience in motoring.

Ford V·8 Prices Are Low 11 BODY TYPES — Coupe (5 windows), \$645 Tudor Sedan, \$665; Fordor Sedan, \$750.
