The topic of discussion was taken by the Literary Convenor, Miss Phyllis Graham, and was quite interesting. It was moved by Mrs. C. Martin and seconded by Mr. Cecil Magee that the members of Y.P.S. give a suitable gift to the bride-to-be, Miss Belva Genoe, who has been active in the Society the past few months and whose presence will be missed. The Misses Rowena Magee, Phyllis Graham and Edith Fenwick were appointed as a committee to look after the collecting for and purchasing of the gift. New England Ladies' Aid

On Friday afternoon, May 17th, the Ladies' Aid met at the home of Mrs. Stanley Clugston with a good attendance of 15 members and four visitors. This was the Missionary meeting and opened with the hymn "From Greenland's Icy Mountains", followed by the Lord's Prayer in unison and the President read verses from the 21st Psalm. The minutes of the last meeting were read by the Secretary and adopted; the roll call was then answered with a Scripture verse bearing the word Mother. It was decided to hold the June meeting one week earlier, on June 13th, on account of the S. S. picnic, at the home of Mrs. John Morrison. The hymn "Far and Near the Fields are Teaming" was sung; Miss Alice Breadner gave a reading on "Missionary Progress" which was very instructive and Miss Joy Wiley then gave a piano solo. Miss Bertha Menary, missionary from India home on furlough, was present and treated the gathering to a fine talk on her work, surroundings, climate and the Missionary work in general. After the address Miss Menary very happily answered the several questions it seemed tempting to ask, as she requested us to do. It was a rare treat to listen to one so interested in the Gospel to go so far from home and friends to teach God's work and to enlighten souls in darkness. Let us wish Miss Menary that God's richest blessings may follow her and that good health will enable her to go back at the end of her furlough rested and ready to continue her good work and that she may be able to return to her home and loved ones here again. A vote of thanks was tendered her. The hymn "Onward Christian Soldiers" was sung in closing and with prayer by Rev. McAuslan. A dainty lunch was served by Mrs. M. Devitt and Mrs. W. Breadner.

Live Stock Market

by Dunn & Levack, Toronto

The cattle market has been laboring under a strain of lower prices, which have been in keeping with conditions at all other markets, where the trade has been exceptionally dull under heavy offerings, and particularly on American markets, which have been adversely affected. Toronto market prices are on a comparatively higher level, expenses and duty considered. While all classes of cattle have eased off in price slightly, choice heavy steers have suffered mostly, ranging from 35 to 50 cents, compared to a week ago, only a few of the best cattle going over the 7-cent mark.

The bulk of the best heavy steers sold at from 6½ to 7 cents; fair to good 6 to 6½; medium 5½ to 5¾. In the butcher section some preference was shown for choice handy-weight heifers, selling from 6 to 6½; fair to good 5¼ to 5¾; common and medium 4½ to 5 cents. Baby heaves were fully half lower, choice from 7 to 7¼; fair to good from 6 to 6¾; others lower accordingly. Stockers and feeders were slow of sale and lower in price, best kind ranging from 4½ to 5 cents. The cow trade was active and steady with choice from 4¼ to 5 cents; fair to good from 4 to 4½; common and medium 3 to 3¾; canners and cutters from 1½ to 2¼. The bull trade was very slow under a liberal supply and prices much lower; a few best bulls made from 4 to 4½, but bolognas declined sharply to 3 and 3¼.

The lamb market dropped 50 cts., the bulk of the best lambs selling at 9½. The sheep trade held steady. Calves opened easier on Monday, but recovered fully Tuesday under active trading. Choice veal made from 7 to 7½; fair to good from 6 to 7; common and medium 4¼ to 5½.

Hogs opened slow on Monday and prices eased slightly but fully recovered Tuesday, sales being made on the basis of 8¾ f.o.b. and 9.25 off trucks. It is likely prices will fluctuate slightly as the price level is high for the present outlet.
