Waiting for the King

Canadian undergraduates who go to the Old Country in their summer vacations enjoy many unusual sights and meetings but the group shown above, encountered its biggest thrill when the royal automobile was stopped and the King and Queen chatted with them about Canada.

This party is one of many from Canadian universities that visited Great Britain this year under the auspices of the Overseas Education League by the Canadian Pacific liner Empress of Britain.

They visited England, Scotland, Ireland and Wales and saw many famous schools and colleges in

the British Isles, in addition to the sight-seeing features that are a part of every Old Country tour. The group was viewing Buckingham Palace from the Mall when Their Majesties set out for a drive. They stopped the car and chatted with the Canadian students for 10 or 15 minutes.
