### God Revealed in Nature

A gentleman who did not believe in God was walking in the woods reading the writings of Plato. He came to where the great writer uses the phrase, "geometrizing". He thought to himself, "If I could see a plan and order in God's works, I could be a believer." Just then he saw a little "Texas star" at his feet. He picked it up, and thoughtlessly began to count its petals. He found there were five. He counted the stamens, there were five of them. He counted the divisions at the base of the flower; there were five of them. He then set about multiplying these three fives to see how many chances there were of a flower being brought into existence without the aid of mind, and having in it these three fives. The chances against it were one hundred and twenty-five to one. He thought that was very strange. He examined another flower, and found it the same. He multiplied one hundred and twenty-five by itself to see how many chances there were against their being two flowers each having these exact relations of numbers. He found the chances against it were fifteen thousand six hundred and twenty-five to one. But all around him were multitudes of these little flowers; they had been growing and blooming there for years. He thought this showed the order of intelligence, and that the mind that ordained it was God. And so he shut up his book, and picked up the little flower, and kissed it, and exclaimed, "Bloom on, little flower; sing on, little birds; you have a God, and I have a God; that God who made these little flowers made me". (Selected).

### New England Ladies' Aid

Met at the home of Mrs. R. H. Wiley on Wednesday afternoon, Sept. 18th. Eight members, two visitors and four children were present.

The meeting opened by singing hymn "Jesus Saviour pilot me" followed by Lord's prayer in unison. Mrs. R. H. Wiley then gave the 23rd Psalm from memory for our Scripture reading. Minutes of last meeting were read and adopted. Roll call was answered by the name of a missionary and place of service.

A lengthy discussion re bazaar and arrangements for same and a committee was appointed to look after it. The date was set for Friday, Oct. 11th, and to be held in the church basement. A charge of 10 cents admission and a weiner roast with buns. A short program will also be given.

Mrs. Matt Davitt read a very thoughtful reading "Unaware". The closing hymn "The city four square" by special request of Mrs. Wiley, who has been unable to be present at our meetings, owing to ill health and whom we were very glad to have with us that day, brought the meeting to a close.

On behalf of the members of the Aid Miss Caroline Clark then read an address of appreciation to Miss Emily Lawson, Reg. N., who was soon to leave on an extended visit in the Western Provinces and Miss Hazel Morrison presented her with a purse in recognition of her faithful work and interest in the organizing and work in the Ladies' Aid. Miss Lawson, though completely taken by surprise, thanked the members for the kind thought of remembrance and though far away her thoughts would be often back among us.

Miss Lawson left Tuesday morning of last week to visit with her sisters in the west and will be very much missed among friends and co-workers here.

The remainder of the afternoon was spent in sewing the articles in preparation for the bazaar at the close of which Mrs. Wiley said Grace and a dainty lunch was served by Miss Ella Wiley, assisted by Mrs. Gordon Wilcox and Mrs. Geo. Wiley. The next meeting will be in the form of the bazaar.
