IN DAYS OF YORE

30 YEARS AGO, Dec. 24, 1885

Local and Other Items

Mr. A. G. Hunter of Dundalk gave us a friendly call last week.

Mr. F. Porter is spending his Christmas holidays at Sand Hill.

We had a pleasant call from Mr. Thos. Hanbury of Dundalk, he and Mrs. H. having attended the church-opening last Sunday.

We mentioned last week that Mr. S. J. Coleman had returned but have since learned that he has with him his bride. We extend congratulations to the happy pair.

Twenty-two car-loads of new rails were distributed along the C. P.R. between Teeswater and Wingham siding one day last week. They are intended to replace the old T. G. and B. rails.

The souvenir number of the Shelburne Economist came to hand last week and is a cracker. It is dated 1885, as much as to say "this is the state of perfection to which progressive news papers will have arrived at that date". The number speaks volumes for the taste and enterprise of Mr. Smith the publisher, while the excellence of the material (type, etc.) would put some of the city officers in a back seat. We wish the publisher and his excellent journal the success so richly merited.

Church Opening

The occasion of the dedicating services has been looked forward to with anxiety and expectancy by the Methodist people of the district, the first Sabbath of which is now a thing of the past.

The morning service was fairly well attended when Rev. John Shaw of Toronto, ex-President of the Toronto Conference, conducted the service and performed the dedicatory services, assisted by Rev. W. Ayers of Flesherton, Rev. T. Grandy of Euphrasia Mission and Rev. W. Casson, the pastor. The afternoon service was even better attended than the morning, when Warring Kennedy, Esq., of Toronto, preached an able and practical sermon. In the evening the church was crowded to its utmost capacity, fully 800 being present. Rev. Mr. Shaw again preached, giving an able and very impressive discourse. Many expressions of pleasure and even astonishment were heard from strangers as to the beauty and par-excellence of the edifice, both inside and out.
