## His Majesty on the Canadian Pacific

Canadians have a particularly warm spot in their hearts for King Edward VIII, a sincere affection honestly earned by His Majesty during his visits to this country as Prince of Wales. The Picture layout shown above graphically illustrates several phases of his different journeys by Canadian Pacific steamships and

rail lines. Illustration No. 1 shows His Majesty in the typically courteous act of thanking the crew of the Royal Special. No. 2 His Majesty and Sir Edward Beatty, G.B.E., K.C., LL.D., chatting on the station platform at Calgary. No. 3. In the driver's seat, His Majesty on the "right

hand side" of Canadian Pacific engine 2231. No. 4. Edward VIII, with the exception of his voyage on H.M.S. Renown, has travelled across the North Atlantic on Canadian Pacific Steamships. The picture shows him with Captain E. Griffith on board the Empress of France.
