**WE'RE EXPERTS

 SAFETY**

**WE HAVE THE
 ONLY TIRE IN
 THE WORLD
 WITH GOLDEN
 PLY BLOW-OUT
 PROTECTION**

**FREE Blow-Out
 PROTECTION**

As experts on motoring safety we want to state a few simple facts every motorist should know about the tires he rides on. Remember this, the next time you are driving along at 40, 50, 60 miles an hour. The heat generated inside your tires at these speeds is terrific—causing rubber and fabric to separate. A tiny blister forms—grows bigger and BIGGER until sooner or later, BANG! It's a blow-out.

But an amazing new invention, the Life-Saver Golden Ply, resists this heat so that rubber and fabric do not separate—blisters do not form—thus this unseen cause of high-speed blow-outs is checked before it even gets started.

The only tire in the world that has Golden Ply blow-out protection is the Goodrich Silvertown—yet it costs no more than other standard tires. When thousands are killed or injured every year in blow-out accidents don't you want this kind of protection?

**It Is the Time of Year for
 Sheep Dipping**

In recent years there has been a remarkable improvement in the wool clip of Canada, due in a large measure to regular dipping of the sheep and more careful feeding methods. There are two external parasites common to sheep, namely, ticks and lice. Sheep ticks are recognized as being the most common pest, but both ticks and lice cause serious loss of wool and give the flock a very unsightly appearance. These pests sap the vitality of the ewe flock and young lambs reducing their condition. In slightly affected flocks the ravages of the pests are not so evident but cases have been known where death has resulted through heavy infestation. Dipping is the precaution and cure.

Dipping time, or at least the best time for dipping, has arrived because sheep should be treated immediately after shearing. Nowadays, with the advent of modern arsenic powder dips dipping is a simple task and all necessary information is easily obtainable from the Dominion and Provincial Departments of Agriculture and from the Canadian Co-operative Wool Growers. For a small flock it is not necessary to construct an elaborate dipping plant. A barrel large enough to hold sufficient liquid to immerse a sheep will answer the purpose. A small trough, say 5 feet 6 inches long, 20 inches deep, 20 inches wide at the bottom, and 24 inches wide at the top has proved its efficiency on many occasions, and a small draining platform can be built without trouble, where the dipped sheep can be allowed to stand for a few minutes until the dip drains out of the fleece and back into the dipping utensil. In the case of an odd sheep where there is no flock and no tank available, dusting with insect powders specially manufactured for the purpose has proven effective but requires time and patience. Any kind of insect powder will not do.

EUGENIA

(Intended for last week)

The neighborhood was shocked to hear of the sudden death of Mr. Samuel Hawkins, 8th line, who passed away on Wednesday, May 13. Mr. Hawkins had not been feeling very well for some time but no one thought his death was so near. The deceased was the son of the late Mr. and Mrs. Robt. Hawkins and was born 65 years ago last September on the Hawkins homestead, on the 8th line, at the suburbs of Eugenia. Besides his sorrowing wife, he leaves in sad bereavement two daughters, Mrs. H. Courvoisier (Sadie) and Mrs. Milton Roberts (Birdie) near Feversham and two sons, Kendall and Kilbourne at home. A daughter, Mable (Mrs. Giblin) predeceased him a few years ago. He also leaves two brothers and one sister: Will of Eugenia, Tom of Kimberley and Mrs. Doupe of Saugeen Jct. There are 8 grand daughters and one grandson. To those left to mourn his loss, we extend our sincere sympathy.

The funeral was held on Friday afternoon from his late home to Maxwell cemetery. Rev. Mr. Dean of Feversham officiated at the house and grave. He read several verses from Ezekiel, Chap. 36, beginning with the 21st verse and took as his text verse 26, on which he preached a very impressive and comforting sermon. He spoke of the necessity of having a new heart and God makes it plain to us that's what we need for there is no salvation once we cross the border line. Rev. and Mrs. Dean sang in their usual manner, "Leave it all with Him." The hymns used were: "He leadeth me" and "Standing on the Premises of God."

The pallbearers were: Messrs. Peter Somers, Garnet Magee, Jim Ottewell, Hugh Fenwick, Fred Haley and John Haley.

Friends from a distance attending the funeral were: Mr. Thos. Hawkins of Kimberley and son-in-law, Mr. Ernie Morwood, Mr. Wm. Walsh, Mr. and Mrs. Arthur Bowers of Wodehouse, Mrs. Wm. J. Ward and Mrs. Jos. Squires and Mrs. Howard Dennison and two children of Markdale, also Mr. and Mrs. Sam McNabb and Alex. of Chatsworth.

As it was three years since the death of the late Mrs. Jake Williams, flowers were placed before the altar in remembrance, by her husband and family and members of the Stewart family. The minister spoke a few words in reverence of the deceased.
