Berkeley

Miss Lackey of Orangeville has been engaged to teach the balance of this year in No. 6.

Matt Dever and James Gillespie are building the foundation of a new house for Richard Johnston of Harkaway.

Walters Falls

A great deal of improvement is being made in the village and suburbs this season increasing barn capacity. In the village Mr. Wilmot Caswell has taken down his barn and has now in its place a fine large

barn roofed with corrugated steel. Wilmot and Mr. McQuaker did the job. John Reid has greatly improved W. J. Shephardson's barn by adding 16 feet to the width. Mr. Barker will also improve his in a similar way. In the suburbs W. I. Seabrook has had Dillon Bros. of Rocklyn divide his barn and now has a first class building. He has also added 25 feet to the width of his barn and now has a fine barn 60x63. Wm. Reid, Bognor, was the contractor. George Heighes has added 34 feet to the length of his already large barn and shed and now has a barn 105x54. John Reid did the frame work. He is also raising this week a 35 foot addition to the length of Mr. Abe. Moore's barn, making a barn 70x10. In each of these contracts Young & Ferris have done the stonework. Mr. P. McLaughlin has taken down a barn and will replace it on a stone foundation to be used as drive shed and horse stable. M. T. Neely did the stonework.

Sr. II to Jr. III—Dorothy Erskine 76.4, H.; Reg. Johnston 48.7.

Jr. II—Maurice Lepard 52.

I—Lois Menarey 77, H.; Dorothy Sewell 76, H.; Nelson Merrifield 72; Ursula Fothergill 62; Harold Madill 55; Merel Johnston 50; Frank Lepard 38.

Jr. P.—Murray Sewell and Leonard Graham equal.

Number on roll 24; average attendance 21.38.

Beatrice Loughheed, teacher

Members of the Odd Fellows' are requested to meet on Sunday, July 19, at 2.30 for Decoration Service.

**FAST DRIVERS
and
SLOW DRIVERS..**

This message is addressed
to **BOTH** of YOU

ALL OF US who drive motor cars have our individual preferences as to the speed at which we travel. Some of us like to drive slowly; others like to travel faster. (I am not referring to the "speed fiends" who drive recklessly and dangerously, but to the rank and file of sane, sensible drivers.) There is a wide variation in our preferred speeds.

When the road is clear and open, we have every reasonable right to give these preferences free rein, and travel at any speed which suits us—up to the legal limit. But I believe you will agree that when traffic is heavy, it is neither courteous nor fair to travel faster or slower than the general speed at which the traffic is moving.

At such times, the deliberately slow driver blocks the road for all who are behind him. It becomes irksome and wearying to those who have long trips still ahead of them—and finally induces them to "cut in" or take chances which they would never take under other circumstances.

On the other hand, it is equally discourteous for fast drivers to cut in and out of the traffic lane when traffic IS moving at a reasonable speed. It upsets and unnerves the more cautious drivers; increases the accident hazard tremendously; and invariably saves only a very FEW minutes of time in the end.

I appeal to BOTH kinds of drivers to let themselves be governed by the true SPIRIT of Courtesy—to consider the convenience and the safety of fellow-motorists, as well as their rights. Let us show the same courtesy to others on the highway, that we show to visitors in our homes. It will go a long way toward making our highways SAFER, and in making motoring still more pleasant.

Sincerely yours,

B. J. Weston
