BRITISH CONSOLS AND NATIVE SONS ATTRACT GOOD CROWD

Toronto Junior Hockey Teams Provide Interesting Game in Markdale Rink Monday Night

Markdale arena was the scene of a large gathering of hockey fans on Monday evening to see a game between two of Toronto's fastest junior hockey teams, British Consols and Native Sons. The game was an interesting one and pleased the large crowd of between seven and eight hundred who paid admission fees. There was no rough stuff in the game and both teams gave splendid exhibitions of stick handling and team work. The British Consols are a bit too good for their younger and lighter opponents, who have just broken into junior hockey.

In the first period British Consols scored four times while the Natives got but one. In the second frame each got two, and in the final period Native Sons counted twice to the Consols once.

Joe Primeau, a former Maple Leaf Star, was the referee.

Tisdale, one of the outstanding young players on the Native Sons forward line, is a grandson of Mr. and Mrs. Robert Bowers of Neville, Sask., and former residents here.

The visitors came from the city in a large passenger bus and were almost an hour behind schedule, but were not long in getting into action after their arrival. A "mike" had been installed on the ice and several short speeches were made through it under the supervision of Messrs. G. A. Beaton and F. D. Sawyer, two of the most active members of the committee responsible for the big event. Reeve Rusk welcomed the visitors and Joe Primeau, in a short interview, handed out some good advice to young hockey players who

were present. The players were introduced to the fans as follows:

Native Sons—Goal, Thompson; defence, Powers and Spenceley; centre, Love; wings, Gemmel and Tisdale; alternates, Trotter, Salt, Duffus, Welsh, Henry.

British Consols—Goal, Mortimer; defence, Wilson and Robertson; centre, Benson; wings, Taylor and Shill; alternates, Powers, Drummond, Bradley, Heenan, Ritchie.

The rink was decorated for the occasion and the lighting system had been much improved. Markdale and vicinity people patronized the event well. The committee desire to acknowledge the neighborliness of the Flesherton people, who postponed a Centre Grey Hockey League game in order to allow their people to attend the game here. This kind and considerate act on the part of our good neighbors was much appreciated and Markdale citizens will try to repay them in returning three-fold this kindly gesture.

All in all it was a big night, well managed and wound up with a supper and banquet for the visitors and players at the Revere House. The members of both teams were well behaved and every one of them behaved as a real gentleman. The local committee desire publicly to acknowledge the interest shown by Mr. Bill Christie, manager of Consolidated Advertising Service Ltd., who looked after all the arrangements in Toronto. Mr. Christie or any members of either of the teams will receive a hearty welcome should they at any time in the future visit Markdale.

Will Celebrate July 12 in Markdale

At the regular meeting of the local Orange Lodge a committee was selected to make preparations for the holding of a 12th of July celebration in Markdale this year. With the Grand Lodge of Ontario West meeting in Owen Sound in June local enthusiasm will be at a high pitch and this year's celebration in Grey County should be a monster one. No other centre has made any announcement of intention to celebrate and it looks as though Markdale might have the only gathering in the county. Collingwood is preparing for a big gathering of Simcoe county Orangemen. In Dufferin county Shelburne is getting ready for a big celebration on August 12th, so it is not likely there will be any attractions within a good many miles of Markdale. The committee have already commenced making arrangements for a celebration in which it is hoped a record number of lodges will participate.

Hon. Dr. D. Jamieson Celebrated Birthday

Durham citizens will join with the Chronicle in extending congratulations to Hon. Dr. Jamieson on the celebration last week of his 81st birthday. To see this well-known citizen in action one would never imagine that he had passed the four-score mark, and would place his age much younger than it actually is.

In commemoration of this happy event, Dr. Jamieson was host to a number of his friends Tuesday evening of this week in his home at 11 McKenzie Avenue, Toronto, where the company sat down to dinner, served at 6.30, with the balance of the evening spent in social intercourse.

Among those present were Hon. G. Howard Ferguson, former premier of Ontario; Hon. Earl Rowe,

Markdale Girls and Boys Win From Durham

On Thursday evening last the local arena was the scene of two interesting games, when Durham girls and boys were defeated by the locals.

The girls played first and the locals won by 3 to 0. Devona Cutting scored first on a pass from Alice who secured the second counter on a pass from Revena Green. The final counter was secured by Alice Cutting on a pass from Devona. Markdale players were: Goal, V. Kidd; defence, B. Carefoot and M. Thompson; centre, D. Cutting; wings, A. Cutting and R. Green; alternates, R. Alton, M. Bradey, V. Burnside, M. Carefoot.

The game by the boys was more evenly contested. In the opening frame Lloyd Wiley scored twice, the first on a pass from Dave Hunt and the second from Allan Hunt. Howard York added another in the second spasm when he counted on Wiley's pass. Durham then took three in a row and the period ended with the score three-all. In the third and final period Wiley secured the winning counter and the game ended 4 to 3 in favor of Markdale.

Markdale—Goal, G. Dundas; defence J. Down and M. Burnside; centre, H. York; wings, Dave and Allan Hunt; alternates, L. Wiley, F. Scott and Jack McGee.

leader of the Opposition in the Ontario Legislature; Hon. Wesley A. Gordon, former Minister of Labour in the Dominion Government; Hon. George S. Henry, house leader for the Conservative party in the Ontario Legislature; Senator Arthur Meighen; Hon. I. B. Lucas; Hon. Leopold Macaulay, former Minister of Highways; Colonel George A. Drew; Hon. Mr. Justice Martin; Mr. D. B. Hanna; Mr. Walter Martin; Dr. Ross Jamieson; Hon. Manning Doherly; Mr. Peter Gagnon; Mr. Hugh Clark, and Dr. D. B. Jamieson.—Durham Chronicle.

Flesherton Won Game Friday Night

Markdale's entry in the Centre Grey Hockey League took a bump from Flesherton on Friday evening last when they met in the rink of the Boyne town boys. The locals were at full strength and expected to give the Flesherton boys a real argument, but their hopes were shattered. The ice was a bit soft and this may have helped to give the Flesherton boys an advantage but the fact remains that the locals went down by 5 to 1. With but one spare player the winners were aggressive from the drop of the hat until the end of the game and deserved to win.

In the first period Harold McCutcheon secured the only counter for the home team. Howard York evened up shortly after the opening of the second period but Flesherton added three more before the close of that frame and another in the final spasm. Every man on the Flesherton team played a good game while George Dundas, in goal for Markdale, was the outstanding player on the ice.

Markdale—Goal, G. Dundas; defence, Bert Adams and Bev. Johnston; centre, H. York; wings, N. Hartley and A. Noble; alternates, E. Freeman, D. Hunt, H. Winterburn, L. Piper, 'Buck' Singleton.

Flesherton—Goal, E. Ferris; defence, E. Johnston and H. McCutcheon; centre, A. Smith; wings, Bill Patton and Geo. Boyd; alternates, Fred. Correi.

Referee—Bob Saunders of Durham.

CARD OF THANKS

We desire to express sincere thanks to all the friends and neighbours who were so helpful and kind during the last illness and at the time of the death of our dear husband and father, the late Benjamin Hargrave.

Mr. and Mrs. Geo. Hargrave, Mrs. B. Hargrave.

Isaac Elder Died Friday at Dundas, Aged 87

Mr. Isaac Elder, one of the best known and most highly respected old residents of this district, passed away at the home of his daughter at Dundas on Friday of last week. He had been in failing health for some months and had been bedfast since about the middle of November.

The deceased was born in Normanby township on February 12th, 1850, son of Mr. and Mrs. Robert Elder, natives of Ireland. When a young man he learned the blacksmithing trade in Mt. Forest and for a short time was in business for himself at Ayton. He then came to Traverston and in 1885 married Mary Jane Morrow of Glenelg. Later they resided at Berkeley, moving to Markdale in 1921. They resided at Holland Centre for a few years but again returned to Markdale where Mrs. Elder passed away in 1935. Since that time Mr. Elder spent the time with his son at Holland Centre and daughter at Dundas.

The remains were brought to Markdale by C. P. R., arriving at noon on Monday. A short service was held at Dundas Sunday afternoon. The funeral service here was held in Cooke's Presbyterian church, with Rev. T. O. Miller, the pastor, in charge. The remains were then conveyed to Latona cemetery and laid to rest beside his wife. The pallbearers were Messrs. John Hannah, Clare Hutchinson, James Semple, E. H. Walden, John Graham and H. Freeman. After the church service at the grave the Orange burial service was read by Messrs. Clifford Hutchinson and A. O. Gillespie, W. M. and Chaplain of L.O.L. No. 1045. The late Mr. Elder was for a great many years a member of the Orange Order, being connected with Markdale lodge for the past fifteen years. He was a life-long and consistent member of the Presbyterian church.

Surviving are three daughters and two sons, namely: Mrs. H. L. Ewart at Milestone, Sask.; Mrs. Wm. Allcroft in Dundas; Mrs. W. Hill at Riceon, Sask.; Isaac R. Elder and Carl at Holland Centre.

Benjamin Hargrave Died Sunday Morning

Mr. Benjamin A. Hargrave, a respected resident of Artemesia, passed away at his home on the West Backline, south of Markdale, early Sunday morning. He had been in failing health for some years and in his weakened condition he fell on the ice about a week previous to his death and fractured his hip. This hastened death.

The late Mr. Hargrave, who was in his 70th year, was a son of the late Mr. and Mrs. John Hargrave, who resided on the Collingwood road a few miles west of Maxwell. He was born near Durham and the family moved to Osprey when he was about one year old. Forty-two years ago he married Miss Susan Thompson of Portlaw, who survives with one son, George. After their marriage they farmed near Maxwell until 17 years ago when they moved to the former George White farm on the West Backline. Mr. Hargrave was a successful farmer and was held in high esteem by a wide circle of friends. In religion he was an Anglican.

The funeral took place Tuesday afternoon to Maxwell cemetery, the services being in charge of Rev. C. O. Pherrill, rector of Christ Church. The pallbearers were: Messrs. Ed. Littlejohns, Al. White, John Hatton, Elwood Bowles, Wm. Bowles and Russell Purdy.

Besides his wife and son, he is survived by two brothers, William at Wareham and John on the old homestead.

Among those present at the funeral from outside points were: Mr. George Montgomery of Barrie; Mr. and Mrs. Frank Maxwell, Mr. Wm. Maxwell, Mr. Robt. Quigley and Mr. Albert Owens of Chatsworth; Mr. and Mrs. Geo. Hargrave and Mr. and Mrs. Thos. Tucker of Durham; Mr. Henry Tucker of Ceylon, and many from the Maxwell district.

Former Priceville Minister Died at Peterboro

Rev. Samuel Garfield McCormack, pastor of Knox United church, died at Peterborough Friday night. He was 52 years of age. He died from influenza after a short illness. Rev. Mr. McCormack was formerly pastor of Priceville United church.

Still in the first year of his pastorate at Peterborough, Mr. McCormack had engaged himself in a wide circle of activity. He was born at Lynn, near Brockville, and gained his elementary education in the Brockville public and high schools. In 1912 he graduated with a master of arts degree from Queen's University.

He taught school for several years in Brockville and Listowel before entering the Presbyterian ministry. He was then called to Whitby and later the Presbyterian church at Newcastle. When church union was effected in 1925, he was serving at Madoc.

From Madoc in 1925 he was called to the United church at Priceville, leaving there in 1927 to go to Thornton, near Barrie, and from there came to Knox United church in Peterborough, succeeding Rev. William McDonald on July 1, last year.

He took an immediate interest in community ministerial affairs in that city. Particularly interested in religious educational work, he was to have taught a class at the religious training school next month.

Rev. Mr. McCormack is survived by his widow. Interment was at Mitchell, Ont. Messrs. Angus McArthur, H. B. McLean, W. G. Watson, F. P. Riley and Angus McMillan of Priceville attended the funeral.—Durham Chronicle.

Orville Edwards, 15, of Elmvale, slipped on icy ground while operating a bujz saw. His hands went out as he fell and the saw cut off his left hand above the wrist, together with three fingers of the right hand.

TRAINING FOR LIFE'S WORK

A Short Talk on How Best to Prepare in School for Specific Occupations

By F. D. Sawyer, B.S.A., the High School, Markdale

Farming, like other vocations, is changing very rapidly; old ideas and methods are being replaced by more modern ones; we look to the young men and young women of this generation to put them into practice. Upon the boys and girls of our secondary schools depends the farming of the future; they must be trained for the work which they are to take up.

In this article I am going to discuss very briefly two or three of the special types of farming we are developing today and the educational needs of a boy who proposes to make one of them his life's work. I particularly say one of them, because today the more successful farmer is devoting most of his time to one branch of the industry; although along with this he may carry on one or two allied types as will best fit his program.

Fruit-Growing.

Fruit-growing is one of the most important of the special types of farming carried on today and it will undoubtedly grow in importance as we continue to develop the home and foreign markets. It is one of the most abused and neglected branches of mixed farming, often giving very poor returns, yet, if properly handled, one of the most profitable industries. Apples, plums, peaches, pears and other fruits we grow require constant study and attention. A student who intends to make this his vocation, may begin his studies in the lower forms of the secondary schools, where the fundamental principles of fruit-growing are taught.

Here he begins to understand the relationship that such subjects as botany, zoology, chemistry and physics bear to that industry. In schools teaching agriculture there is a progressive four-year course that combines these subjects into a form in which their practical application can be studied, and students are encouraged to put their studies into practice at home. Almost any boy can get an apple tree under his control and observation to carry out the work he is taught in school; it can be pruned, grafted and sprayed, and the soil about it tilled and fertilized; the results should more than repay the effort. To consolidate his studies the student should secure summer work with a reputable grower to observe his practical work. Aside from the scientific interest created in him, he will acquire a wholesome appreciation of nature.

Beekeeping.

Beekeeping is often carried on as a sideline with fruit-growing, as the grower wants to be assured that his fruit blossoms will be pollinated. Like every other type of specialized farming, however, beekeeping should be a full-time job. This is one of the easiest and least costly types of farming to start up in, and any boy or girl contemplating being a bee farmer should secure one or two hives for study purposes as soon as possible.

The fascinating life history of the honey bee is taught in both zoology and agriculture, but that is not all that is required to make [Continued on page eight]
