**Mr. Farmer**

Why take a chance in wasting expensive Feed by feeding Parasites? A Hog infected with Parasites will consume dollars of Feed and show very little results.

You can rid your Hogs of Parasites at a cost of less than two cents per Hog by using Hog Tonic put up from Dr. Lionel Stevenson's (of the O. A. C.) formula.

Have your Trucker take back a package to-day.

In another column in this paper will be found an advertisement by the Department of Agriculture calling attention to the danger of farmers using seed without having germination tests made of it. A careful perusal of this advertisement may be of very great value to many of our farmers. We know that most farmers are particular about sowing good seed free from weed seeds and with a high germination test but sometimes these matters are left off until it is too near sowing time to have these tests properly made, and so this advertisement will just call their attention to the necessity of having this work done in good time before seeding begins.

**Live Stock Market Report**  
BY DUNN & LEVACK, TORONTO

Monday's cattle market was active and prices steady to a shade higher on all classes of good killing cattle. Choice heavy steers brought from 7.00 to 7.50, with a few tops at slightly higher prices, while those of medium to good quality ranged from 6.00 to 7.00. In the butcher section there was a good demand for choice handy weight steers and heifers at from 5.75 to 6.25; fair to good from 5.25 to 5.75; common 4.50 to 5.00. Choice baby beefs sold at from 7.00 to 8.00, while those of medium quality brought from 5.50 to 6.50. The cow trade was strong, choice fat cows selling from 4.25 to 4.50, with a few for kosher purposes up to 5.00; medium to good cows 3.50 to 4.00; common to medium 2.50 to 3.00; canners and cutters 1.75 to 2.25; common to medium 2.50 to 3.00; canners and cutters 1.75 to 2.25. Milch cows and springers were very slow of sale, excepting for a few of the best which brought from \$45.00 to \$60. Bulls held steady, with choice butcher bulls from 4.25 to 4.75; heavy bulls and bolognas 3.50 to 3.75.

Monday's supply of 1500 lambs met with a good trade, those of choice quality selling at 10.00, with others at slightly lower prices accordingly. All classes of sheep held steady, choice being from 5.00 to 5.50. The calf market was stronger, with choice calves selling at from 9.00 to 9.50, with a few tops at 10.00; fair to good from 7.50 to 8.50; common and medium 5.00 to 6.50.

Although supplies of hogs were not very heavy, the market was slow and prices lower, due to the fact sales of Canadian bacon in the Old Country are being made on a lower level, also packers coolers are carrying heavy supplies, for which there does not seem to be the necessary outlet. Monday's hogs sold on the basis of from 8.00 to 8.10 for truck deliveries and the prospects for the balance of the week do not look very promising, so far as any recovery in price is concerned.
