but..... is it?

With your car safely in the garage, seems as though you are prepared for anything that can happen. Don't even need a telephone any more.

BUT... ARE YOU CERTAIN?

Sickness, fire, accident, whatever it may be — and some of these things come occasionally to all of us — is your car quick enough, sure enough? Maybe the roads are blocked. . . . Maybe a tire is flat . . .

In emergency what you need most is a TELEPHONE. Don't wait for something to happen to find that out!

NEW LOW RATES for farm telephone service are now in effect!
