W. J. F. HUTCHINSON LOSSES
BARN BY FIRE

A disastrous fire took place on Tuesday evening of last week, when the splendid frame barn of Mr. W. J. F. Hutchinson was burned to the ground. The cause of the fire is not known. Mr. Hutchinson had been drawing in hay during the afternoon and had gone in to supper leaving a load on the barn floor. They had just finished the meal when they heard the roar of flames and rushed out in time to get the horses, harness and a few things out of the stable. Neighbours noticed the fire shortly after it started and a large crowd was soon on hand. A bucket brigade was formed and the driving shed and a large pile of wood was saved from the flames. The barn and hen house however, together with a large quantity of hay, the waggon and rack, binder, seed drill, cutting box and many other articles were soon in ruins. The barn was a splendid structure with hip roof covered with steel and was one of the best in the community, and was a credit to the owner who built it about 15 years ago. The buildings had recently been wired for electricity but the current had not yet been turned on. The buildings were insured, but the loss will be heavy, and Mr. Hutchinson has the sympathy of the community.
