The district adjacent to Markdale is blessed with a splendid crop this year. The hay was a bumper crop and the wheat was never better. We heard of yield of close to 40 bushels to the acre where threshing has been completed. Oats and barley give promise of good yield and root crops look well.

BORN

D'ARCY—In Markdale Hospital on Monday, July 26th, 1937, to Mr. and Mrs. Frank D'Arcy, Barrhead, a daughter.

Cattle Are Included in New Ontario Act

Owners of Both Cattle and Sheep Entitled to Compensation When Animals Killed or Injured by Dogs.

All owners of cattle or sheep killed or injured by dogs are entitled to compensation either by the dog owners or by the municipality, according to legislation sponsored and piloted through the Ontario Legislature at the last session by the Hon. Duncan Marshall, Ontario Minister of Agriculture. "Injured" or "injuring" applies to injuries caused by wounding, worrying, terrifying or pursuing.

Up until the last session of the Legislature, the Act applied only to sheep. So many reports of cattle being killed or maimed by savage dogs were received by Hon. Mr. Marshall, that he decided legislation should be introduced to provide compensation for these cattle owners, the result being "The Dog Tax and Live Stock Protection Act," which clearly defines the responsibilities of dog owners and municipalities in cases where animals are killed or injured.

Whether or not the owner of any dog killing live stock is known, the municipality in which the live stock were killed or injured shall be liable to the live stock owner for the amount of damage as ascertained by live stock valuers appointed by the municipality.

In order to collect, the owner must notify the municipality within 48 hours after he has discovered the killing or injuring and the carcass must not be destroyed until it has been seen by the valuer for the municipality.

If the owner or the municipal council is dissatisfied with the report of the valuer, they may appeal to the Minister of Agriculture, the Hon. Duncan Marshall, within 30 days of the award. This appeal must be made in writing, accompanied by a \$25 deposit, and the Minister may name a valuer to make a further investigation. The report of this valuer shall be final and conclusive as to the extent and amount of the damage done. The money is returned if the appeal is successful, but forfeited if the appeal is lost.

If no live stock valuer has been appointed by the council or clerk of any municipality, the Minister of Agriculture, on application of the owner of live stock, may name a valuer whose report shall be final and conclusive, the council being liable for the cost of valuation as well as amount of award. Reports of the award will be forwarded to both council and live stock owner.

Where live stock has been killed or injured in territory without municipal organization, the owner of the dog shall be liable for damage, and it will not be necessary to prove the dog was vicious or accustomed to worry live stock.

Copies of the Act as outlined above, can be obtained by writing to The Livestock Branch, Ontario Department of Agriculture, Parliament Buildings, Toronto, Ont.
