Working as usual
on our
120th Birthday

One hundred and twenty years ago there were only seven of us working on the staff of the Bank—a cashier, an accountant, a paying teller, a second teller, a discount clerk, a second bookkeeper, and a porter—that was the entire staff. Today we are more than 6000, in more than 500 Branches, all working to render modern, experienced banking service.

Our Bank's career has been inseparably woven into the career of the nation and every part of it. Founded in 1817, the Bank at once became a financial pathfinder for Canada's pioneers. Through all the intervening, eventful, growing years of Canadian life, our Bank has kept strong and efficient—by pursuing a policy of safety for depositors and by keeping our services always abreast of modern conditions.

In times of expansion and depression, in the best and the worst of economic conditions; through peace and war, panics and political upheavals, Canadians have learned to rely upon the unwavering safety and banking assistance of the Bank of Montreal. Older than the Dominion itself, yet young as the latest sound business enterprise of Canada, we are working as usual on our 120th Birthday.
