Multi-Use Enamel
 Gives sparkling beauty and long wearing protection to wood and metal surfaces

Multi-Use Enamel is the ideal finish to give renewed life and beauty to shabby, lusterless furniture, woodwork, toys, boats, garden equipment, etc. And it is so easy to apply, anyone can use it with perfect results. It flows on smoothly, leaves no brush marks, and dries to a hard finish in four hours.

Start right now to brighten up your home with Multi-Use Enamel. Being made of the highest quality materials it gives a hard, tough surface that will retain its beauty under the hardest usage. 26 glorious colors to choose from.

MAY 24th
DRIVE SAFELY!

Last year the holiday traffic on our streets and highways ran up a terrible toll of seven killed and 215 injured in 145 accidents! We must not have a repetition this year.

One thoughtless move on your part may bring tragedy into your own or somebody else's home. Before you take the wheel, therefore, resolve to use the utmost care on the highway, and to observe every traffic rule.

- Drive at a safe speed at all times.
- Keep to the right hand side of the road.
- Never pass another vehicle on a hill or curve, or any point where the view is obstructed.
- Do not park on the highway.
- Signal the car behind you in plenty of time before you turn.
- Observe all road signs and signals.
- See that your car is in safe driving condition.

In the name of humanity drive safely on this, the first holiday of summer. Help make the highways safe for yourself and others.

If you drink, don't drive
 The hand of the law is dealing severely with drunken drivers. The maximum penalty for driving while drunk is three months' imprisonment. If you have taken even one drink, don't drive.

MAKING CANADA A BETTER PLACE IN WHICH TO LIVE AND WORK

A Series of Letters from Distinguished Canadians on Vital Problems Affecting the Future Welfare of Canada.

Specially Written for the Canadian Weekly Newspapers Association.

LETTER NO. 8
 I feel that the publishers of Canadian weekly newspapers can make a lasting and worthwhile contribution towards making Canada a better place in which to live and work by endeavouring in their columns to build up a real appreciation of Canadian institutions and resources. I know from practical experience how many men in later life had prominent positions in the business, financial and professional worlds, who have come from the rural districts. It seems to me that the home papers of these districts, amongst the first periodicals which young people read, can build into the hearts and minds of their younger readers a clear understanding of the worth of our national heritage, and leave with them something which they will never lose in later life. I cannot help but deplore the flood of foreign periodicals, many of them second-rate editorially, which is coming to Canada at this time. It seems to me if we are ever to rise to our feet as a nation, to which we so often refer, we must start by building good Canadian citizens. I cannot think of a better place for this to start than in the columns of Canada's weekly newspapers. I would enjoy discussing this with you sometime when we can have a chance to sit down together.

Yours very truly,
 B. W. KEIGHTLEY,
 President, Association of Canadian Advertisers.

FIND OUT THE TRUTH about TRACTORS

It takes more than a sporty-looking tractor or a few trick features to give you performance that means better farming, plus economy that means better farm income. Let us show you how Case tractors are faster at actual work, easier to start and to steer, how they turn short with full load, the many ways they are handled, and more comfortable to work with. Ask us for PROOF that Case HAK cut farm power costs to the lowest levels in tractor history.

BORROWING FOR PROFIT

"to every business comes a time to borrow," for instance.....

To Carry On

Farmers are not the only business men who need to borrow to make next season's "crop" possible.

Manufacturers have to purchase raw materials for a "crop" of future finished products.

Wholesalers must stock up in advance and warehouse their goods, if they wish a seasonal harvest of business.

Retailers, buying for the new season's demands, may need money to take advantage of discounts.

Many lines of business need to borrow, in order to carry on.
