### HAVE YOU RENEWED?

### LIVE STOCK MARKET REPORT

by DUNN & LEVACK, TORONTO

Extremely hot weather, which seriously affected the beef trade and an over-supply of cattle of medium quality, had a definite effect on lowering prices on this week's cattle market. On Monday, a few choice lots of cattle sold at steady prices, but all other classes were fully a quarter to a half lower. American markets were reported slow and lower, also there was no outlet for shipment overseas.

A few choice steers sold at from 7.00 to 7.25, with weighty steers of medium to good quality from 6.00 to 6.75; common to medium 5.00 to 5.50. Choice butcher steers and heifers sold mostly at from 5.75 to 6.25; fair to good from 5.00 to 5.50; common to medium 4.00 to 4.50. Choice baby heaves sold readily at

from 8.50 to 9.50, others at lower prices according to quality. Stockers and feeders were slow of sale, because of a scarcity of buyers as farmers are busy harvesting. A few of the best selected stockers sold at from 1.75 to 5.00 and choice feeders of heavier weights at from 5.25 to 5.50. The cow trade was easier, choice from 4.00 to 4.25, with a few light heifer cows 4.50; fair to good from 3.25 to 3.75; common to medium 2.50 to 3.00; canners and cutters 2.00 to 2.50. The bull trade was slow, choice butcher bulls 4.00 to 4.25; heavy bolognas 3.50 to 3.75; common to medium bolognas 3.00 to 3.50.

The lamb market was disappointing, as prices dropped 1.00 per cwt. since last week, choice lambs selling at 8.50. Good butcher sheep from 3.00 to 3.50. The calf market was strong, choice from 9.00 to 9.50; fair to good from 8.00 to 9.00; common to medium 5.50 to 6.50.

On Monday the hog market held

steadily in spite of lower bids, truck deliveries selling at 10.00. The prospects look steady to strong for the balance of the week, depending entirely on supplies.

## Speaking of Milk Bottles!

Dear Madam,—  
Have you ever been through a modern dairy? — Seen the pasteurizers, the coolers, the bottling machines and the bottles? — Hundreds and hundreds of bottles.

Each one of these bottles is important to you and your neighbors. These clean, sterilized milk bottles enable you and your family to have pure pasteurized milk delivered every morning with the least possible bother and cost. Only by keeping these bottles on the move, from dairy to you and back again to the dairy, can satisfactory milk delivery be assured for everybody.

That is why we are asking if you and the rest of the customers on our routes will co-operate with us in keeping milk prices at a minimum by returning any idle milk bottles you have around the house.

Yours very truly,
