"DEVOTED TO THE BEST INTERESTS OF MARKDALE AND SURROUNDING COUNTRY"

MARKDALE, ONTARIO, THURSDAY, NOVEMBER 3rd, 1938

\$1.50 A YEAR IN ADVANCE

VOL. 59; NO. 10.

## LOCAL NEWS

Miss Helen Alton was a week-end visitor in Toronto and Galt.  
Miss Greta Elliott of Toronto was a week-end visitor at her home here.  
Miss Margaret Wiley was a week-end visitor with friends in Toronto.  
Mrs. C. R. King visited with friends in Toronto over the week-end.  
Miss Elita Henry of Toronto visited over the week-end with her parents.

Mr. and Mrs. J. Lawson visited recently with friends at Arthur and Brampton.

Miss Verdun Kidd of Orangeville spent the week-end with Mr. and Mrs. S. Kidd.

Misses Vida and Vera McArthur of Toronto spent the week-end at their home here.

Mr. Jack Boland left on Monday for Tavistock to spend a few weeks with friends there.

Mr. and Mrs. Hugh Boland and family visited on Sunday with Mr. and Mrs. C. B. Boland.

Mr. and Mrs. A. G. Robertson and daughters were week-end visitors with friends in Hamilton.

Mr. and Mrs. W. Arnett of Orangeville visited with the latter's parents, Mr. and Mrs. T. H. Reburn.

Mr. and Mrs. David Elder of Creemore visited on Sunday with Mrs. Alex McCutcheon and family.

Mr. and Mrs. H. H. Dennison and Mr. and Mrs. F. Robinson visited on Sunday with friends in Toronto.

Bridge and Euchre on Friday, Nov. 4th, at 8 o'clock. Adm. 35c.

Mrs. Alex Finley and son, and Miss Irene English of Toronto visited with their parents, Mr. and Mrs. R. English.

Mr. and Mrs. Russell Byers and daughter, Ruth, of Tara spent the week-end with Mr. and Mrs. C. B. Boland and family.

Messrs. Walter Hogg and Lorenzo Boyd, Thornbury druggists, were in town for the funeral of the late R. L. Stephen on Wednesday.

Mr. and Mrs. Wm. E. Stoddard have secured a position near Markdale, after being employed for the past-month near Thornbury.

Messrs. Norman and Edward Dennis; Misses Marion Boland and Eileen Harvey of Toronto spent a few days with Mr. and Mrs. Charles Boland and family.

Mr. and Mrs. John Scott and Miss Margaret Gibson of Niagara Falls, Ont., and Mrs. Bella Maxwell of Chatsworth visited Mr. and Mrs. Jas. Nelson last week.

Mr. and Mrs. J. A. Martin and family of Swinton Park visited on Sunday with Mrs. E. Hutchinson and Miss Nina. Mrs. Martin remained for a longer visit.

Hallowe'en passed off without any particular damage being done to property in the village, although several implements, vehicles, etc., were piled on Main Street.

Mr. Irwin Armstrong of Toronto spent the week-end with his mother, Mrs. J. R. Armstrong, and family. His mother returned with him and will spend a few days in the city.

Miss Doreen Boland, accompanied by Misses Marion Boland and Eileen Harvey and Messrs. Norman and Edward Dennis of Toronto, visited recently with the Baker and Taylor families at Heathcote.

Mrs. Geo. Haslam and daughter, Anna, left for Toronto on Monday to spend the winter months there. The home here has been leased to Mr. and Mrs. Walter Sarjeant, who with their son are now in possession.

The members of the Tennis Club held a most enjoyable dance in the Armouries on Friday evening last. The Armouries was beautifully decorated and the decoration committee deserve a great deal of credit for their efforts. Ernie Brown's orchestra of Walkerton supplied the music. Guests were present from Toronto, Orangeville, Dundalk, Flesherston, Hanover, Owen Sound and Chatsworth.

Mr. and Mrs. Dan Graham, accompanied by Mrs. John Lynch of Warton, visited over the week-end with the latter's sister, Mrs. Susan Parliament, at the Alluvialdale farm, and also with Master Lloyd James Parliament at Queen Mary's Hospital, Weston. Our deepest sympathy is extended to Mrs. Parliament and little girls as Lloyd has been in the Hospital since July. We hope he has a speedy recovery and will soon be home.

Mr. and Mrs. Geo. Blyth of Toronto visited with friends in town on Sunday. The former is a son of the late Mr. Geo. J. Blyth who was the editor of the Markdale Expositor before 1880. Mr. Blyth, sr., had the Chatsworth news for several years before his death. Mrs. Blyth is a daughter of the late Mr. and Mrs. Wm. Carter and was raised on the homestead on the West Back Line, Artemesia.

## NEW 1939 CAR LINES HIT ALL-TIME HIGH

The man who buys a 1939 automobile will be getting the greatest value-per-dollar in motoring history, for the new models set an all-time high in luxury, power and safety, according to Mr. S. J. Arrowsmith, of Markdale Garage Co., dealer in Chevrolet and Oldsmobile passenger cars and Chevrolet trucks. Mr. Arrowsmith has just returned from a visit to Oshawa where he was a guest at a special dealers' showing, staged by General Motors Products of Canada, Limited, of the new 1939 Chevrolet and Oldsmobile models.

"Never in my years in the motor car business have I been so impressed by the quality and value built into a product as I was when I viewed the 1939 models," said Mr. Arrowsmith. "Striking new body styling is probably the most evident outward change, but in the case of our own Chevrolet and Oldsmobile at least, the refinements in 'ride', performance on the road and mechanical innovations are equally impressive. The new type of gearshift on all our models; knee-action is standard on Chevrolet Master Deluxe models and both Oldsmobile Six and Eight; and there are important advances in clutch, springing and steering."

"In view of these tremendous advances in motor car design and operation," added Mr. Arrowsmith, "I feel confident that during 1939 the automotive industry in Canada will contribute to, and share in, the general business improvement which is already apparent throughout the Dominion."

## ENGAGEMENT

Mr. and Mrs. Benj. Counts of Hanover wish to announce the engagement of their daughter, Jean Burdette, to Mr. Albert Arthur Wells, son of the late Mr. and Mrs. William Wells. The marriage will take place about the middle of November.

Mrs. Ted Beare of Regina visited over the week-end with her brother, Mr. C. R. McHugh, and Mrs. McHugh.

Mr. David A. Mathewson, a former resident in Orange Valley, died at Kelwood, Man., on October 25th. He was 68 years of age.

After an illness of several months Mrs. Thos. Phillips of the 4th Line, Artemesia, passed away on Sunday, October 30th, aged 55 years.

Bridge and Euchre on Friday evening, November 4th, at 8 o'clock, in the Odd Fellows' Hall. Lunch and program. Admission 35 cents.

The weekly Fellowship Meeting will be held at the home of Mrs. Albert Rusk on Wednesday, November 9th, with Mr. R. Langford in charge.

Dundalk Hockey Club has been re-organized for the 1938-9 season with Dr. S. C. Sudden as president. The club will again be entered in the Centre Grey League.

Services commemorating the 20th Anniversary of the Armistice will be held, D.V., in Christ Church at 11 a.m. and 7 p.m., and in St. Matthias' Church, Berkeley, at 3 p.m., on Sunday, November 6th.

We were pleased to have a call from our old friend, Mr. W. W. Ramage of Pricville, on Tuesday. Although well on in his 80's, Mr. Ramage is still hale and hearty and enjoys a trip about the county occasionally.

At the last regular meeting of the Village Council a by-law was passed changing the dates of the nomination and election back to the old order. The nomination will be held the last Monday in December with the election, if necessary, the first Monday in January.

The members of Victoria Preceptory No. 282, R.B.K., with their wives and members of their families enjoyed a fowl supper in the Orange Hall on Friday evening last. There was a good attendance and the eats were all that could be desired. Dancing was enjoyed following the supper.

The Semi-Annual Ladies' Night in connection with the local Rotary Club will be held in the Armouries on Thursday evening, November 17, when Mr. W. J. Stewart, C.B.E., ex-Mayor of Toronto, will be the guest speaker. It is expected that members of other clubs in the territory, with their wives, will attend in large numbers. A limited number of tickets are available for local residents who may desire to attend. These may be procured from the members of the Club.

Blue Sunoco  
Makes telegraph poles look like a picket fence. Its high knockless power enables you to creep along in traffic—and then, when you reach the open road, to shoot along with the speed that makes telegraph poles look like a picket fence. Sold by Gillespie's Service Station, Markdale.

## R. L. Stephen Passed Away On Monday, Oct. 31st

Following an illness of about ten days Mr. Richard Lawson Stephen passed away at his home here Monday forenoon, aged 78 years. While he had not enjoyed the best of health during the past few years he was able to attend to his business and take part in community activities. A stroke was the cause of death.

The late R. L. Stephen was born at Cape Rich, the son of the late Mr. and Mrs. John Stephen. Most of his boyhood was spent there. As a young man he trained in a drug store at Meaford and graduated from the School of Pharmacy in Toronto. In 1886 he opened a drug store in Markdale and during the years since has been a prominent resident of the village. For forty-seven years he was Clerk of the Division Court and Treasurer of Markdale Agricultural Society. For a great many years he was an active member of the Curling Club and in his younger days was a member of the baseball team. He was always active and was one of the best citizens of the village. He was a member of Annesley United Church and Hiram Lodge No. 490, A.F. & A.M.

Fifty years ago last July he married Miss Evelyn Boardman of Owen Sound, who passed away on Christmas Day in 1928. He is survived by one daughter, Mrs. Eldon Davis of Toronto; one brother, Mr. W. W. Stephen of Meaford, and three sisters, Mrs. Elsie Patterson of Meaford, Mrs. Mary Currie in Toronto and Mrs. Ena Eagles, Seattle, Wash.

The funeral was held on Wednesday afternoon from his late home on Mark Street to Markdale Cemetery. Rev. S. E. Annis, pastor of Annesley United Church, conducted the services at the house and graveside. The members of Hiram Lodge No. 490, A.F. & A.M. attended in a body and acted as flower bearers. The Masonic burial service was read by the Wor. Master of the lodge at the graveside in the cemetery. The pallbearers were members of the lodge: Messrs. J. C. Mercer, W. E. Harris, T. S. Cooper, W. J. Howard, A. E. Hunt and Dr. J. A. McArthur. Many from outside points were in attendance at the funeral and many beautiful floral tributes were placed about the casket.

By the death of Mr. Stephen Markdale has lost one of its best citizens and its oldest businessman.

## Anniversary Services Are Successful and Impressive

The anniversary services in connection with Annesley United Church on Sunday last were most successful and were attended by large congregations. In the morning Rev. A. B. Irwin, B.A., of Owen Sound was the special speaker and his address was one which left a deep impression on his hearers. In the evening Rev. F. A. Crighton of Meaford gave a thoughtful and uplifting message to the large congregation. The evening service in the Anglican Church was withdrawn so that those who desired might attend the service in the latter church.

On Tuesday the annual fowl supper and entertainment was held. The ladies of the church, as usual, provided a splendid supper and an enjoyable program followed in the auditorium of the church.

## ENGAGEMENT

Mr. George Kidd of Orangeville announces the engagement of his only daughter, Verdun, to Mr. Clarence D. Grant of Collingwood, son of Mrs. Grant and the late Mr. D. Grant of Penetanguishene, the marriage to take place November 21st.

## Grey County Home Services

Nov. 11—Rev. A. Mills.  
Nov. 25—Rev. C. O. Pherrill.  
Dec. 9—Rev. J. E. Taylor.

Ministers are requested to call up the Matron of the Home sometime previous to night of service. Services at 7.30 p.m. sharp.

## Prof. Bell of Guelph Talked on Fertilizers at the Rotary Meeting

Several farmers, resident in the district, were guests of Rotary Club members at the weekly luncheon on Friday evening last and enjoyed the talk of Prof. Henry G. Bell, Dept. of Chemistry, O.A.C. Mr. Bell's remarks were interesting and gave much valuable information. In part he said:

Mass production is the mighty power in industry. Mass force is the new European method to gain attention and to obtain desired objectives. It may not be thought unusual, then, if we carry the idea of mass consideration into the realm of agricultural production.

Let us ask Statistics the fate of Grey County Crops and Livestock throughout the past 35 years.

The following significant facts stand out clearly:—

1. Total production of leading crops in Grey County has fallen.
2. The tendency of yields per acre of some of the leading crops is downward.
3. Total production of meat and milk animals has decreased.
4. Total number of livestock has decreased in general throughout the period.

Poultry has made definite gains.

These are striking facts that command attention, but there is more to add. In some sections crops are showing deficiency indications that should be heeded. Indeed, stock on pasture in not a few places, exhibit a certain amount of perverted appetite for bones and boney material. There is evidence in livestock on certain farms also of definite lack of iodine.

To illustrate exactly what we mean I present a few lantern slides depicting crop and livestock conditions. The slides pictured good and poor crops of wheat, barley, alfalfa and potatoes. These were followed by a series of pictures showing signs of nitrogen, phosphorus and potash deficiencies in wheat, corn, alfalfa, tobacco and potatoes. A series of pictures of livestock suffering from mineral deficiencies followed.

A lowering of the fertility level in one or more of the essential plant food elements, is undoubtedly, the cause of deficiencies in the crops.

Improvement can be made in yield and quality of crops by seed selection, and disease and insect control, but where mineral deficiencies occur, the major betterment of crops rests on a wider and wiser use of manure and fertilizers.

There is little need of discussing the importance of the conservation and use of stock manure since the great values of this carrier of fertility is generally recognized.

Supplementing the native fertility of the soil, and the plantfood returned in manure and legumes, fertilizers take their place. Ten years test of fertilizer mixtures on various soils and with leading crops throughout the province by Ontario Agricultural College, have shown distinct and profitable gains, provided prices for farm crops have been reasonably high.

Average gains obtained for 7 years are as follows:—

- Wheat - 12 bushels per acre.
- Oats - 14 bushels per acre.
- Barley - 11 bushels per acre.
- Potatoes - 53 bushels per acre.

The average cost of 200 lbs. of fertilizer per acre applied to the cereals, varies from \$2.70 to \$3.40. 12 bush. wheat increase @ 60c=\$7.20. 14 bush. oats increase @ 40c=\$5.60. 11 bush. barley increase @ 50c=\$5.50.

The cost of 750 lbs. 4-3-10 fertilizer which is usually applied to potatoes, is \$14.13. 53 bush. increase in potatoes resulting from fertilizing figured @ 50c per bush. is \$26.50. All of these gains which are averages of actual trials, show an interesting profit on money invested in fertilizer. These gains are made from the crops to which the fertilizers are applied. The crops which follow these fertilized crops reap considerable benefit from phosphate and potash which remain in the soil after the fertilized crop is harvested. A large amount of data on residual effects gives basis for this statement.

Fertilizers are carriers of nitrogen, the plant grower; phosphoric acid, the grain ripener, and potash, the straw strengthener and grain filler.

Comparatively few people have seen the pure elements, nitrogen, phosphorus and potassium. These elements Prof. Bell exhibited to the audience and illustrated the active nature of the latter two. The speaker emphasized three important points.

1. These elements are never found in the pure state in nature.
2. These elements are carried in soils, in manures and in fertilizers in forms that are used by crops. They are the basic elements of plantfood.

## James Burnett Honored By Western Horsemen

From the Western Producer, published at Saskatoon, Sask., we clip the following article which refers to Mr. James Burnett, a former resident in this locality and a brother of Mr. W. R. Burnett of this place.

"Jas. Burnett, pioneer Clydesdale breeder and judge of Napinka, Man., and a national figure in the Canadian horse breeding industry, was singled out for special recognition and honor by the Manitoba Clydesdale Club at its annual meeting at Brandon last week."

"On behalf of the provincial Clydesdale organization Mr. Burnett was presented by Jas. Evans, deputy minister of agriculture for Manitoba, with a suitably framed certificate of honorary life membership in the club with which he has been actively associated for so many years. In making the presentation Mr. Evans paid glowing tribute to a man who secured his first Clydesdale stallion 54 years ago and who had been a colorful figure in Manitoba horse breeding circles since he came to the province in 1889."

"Mr. Burnett, he stated, had been a foremost horse breeder and importer. His breeding achievements had been a product of his own good judgment and his horses had placed at the top of Canada's leading shows. He had judged horses with conspicuous success at the Dominion's leading exhibitions and had been a consistent advocate of improved agricultural practice in his own community. The recipient of the club's first honorary life membership, concluded Mr. Evans, had served for many years as an officer of the Manitoba Clydesdale Club and the Canadian Clydesdale Association. He had developed far beyond the bounds of the province of Manitoba."

"Members and officers of the Percheron Club and the Canadian Percheron Association attended the meeting to witness the presentation and joined with the Clydesdale men in honoring the veteran horseman."

"Though taken completely by surprise Mr. Burnett responded very fittingly when called on to address the large meeting. Amidst prolonged applause he modestly admitted to having fed and taken care of his uncle's mare which was listed No. 5 in Volume 1 of the Clydesdale Stud Book. He had registered in his own name 'Prince of Tay,' whose registration number had been 14 among the stallions recorded in the first volume."

The mare, No. 5, Vol. 1, referred to in the above was later purchased by Mr. W. R. Burnett of this place from his uncle and was the first registered Clydesdale to be brought into the County of Grey. He was also the owner of one of the first registered stallions, Lord Derby, No. 16, Vol. 1.

## Card of Thanks

I wish to thank all the neighbours and friends for their many acts of kindness to me while in the Hospital; also Dr. Carefoot and staff.

Norman Cook.

Other important elements used by the plant are usually supplied in soils, water and air in sufficient amounts. Where there is a deficiency of magnesium or calcium (the basis of lime) or Boron or Iodine or other less common elements, these must be supplied in suitable carriers.

New methods of testing soil for available Nitrogen, Phosphorus and Potash, as well as soil reaction, make it possible for the Ontario Agricultural College and several stations of the Dept. of Agriculture, to be of distinct help to Ontario farmers in choosing fertilizers best suited to their soils. Agricultural Representatives are equipped to supply instructions as to proper methods of taking soil samples. The Dept. of Chemistry also will supply instruction sheets on application, as well as make the actual soil tests when samples are forwarded. Some Representatives, including your own able T. Stewart Cooper, are equipped to make these soil tests.

By actually following up instances where tests have been taken and recommendations made on the basis of findings, and followed, the practical value of these soil tests has been established.

A few years ago an enterprising Chicago advertising man coined a very useful phrase "Stop - Look - Listen". This was used in an effort to reduce accidents due to car and railway collisions.

May we paraphrase a substitute for today's soil conditions? "Listen - Heed - Act!"

The productive power of Ontario Soils can be rebuilt and quality of crops improved definitely if Ontario farmers realize the practical value of this new and useful development.

## SHOP IN MARKDALE

## "The Tatler"

A column published to acquaint the public with the activities of the Markdale High School

Harold Annis - Editor

Whatta game! Whatta game! The lads lost but what a glorious and muddy defeat! The Markdale students had no sooner arrived in the Flesherston park when the game started offering opposition by starting to rain. Markdale's army led the attack and kicked into the zone of the enemy. The plays were fast with Flesherston taking advantage of the numerous fumbles. The scoring started when Flesherston managed to slide through the line of Noble, Down and Arrowsmith to the Markdale scoring line as Annis downed him a yard behind the line. It's a shame that rugby major scores should be five because they add up so surprisingly fast for the other team. Mike Sullivan was the one who carried the ball over the Flesherston line for our one major score and to make it more lonesome Flesherston came through with another five.

Noble, Down and Annis featured with hard and heavy tackling while Dave Hunt came through with some beautiful punts to score several points for the Markdaleites. Out of the few forward passes attempted Mike Sullivan tossed one complete pass to Flesherston's two completes. Nearing the end of time the Markdale boys were gaining yards by leaps and bounds with each play, pressing nearer the opposing line. This show of clock-work system speaks well for the next game when Markdale, having worn off the film of uneasiness, will really go to town and beat Dundalk on Wednesday here at Markdale.

During a hard and well earned victory, Markdale High School fellows came through splendidly to honour their red and black colours last night when they defeated Dundalk to the tune of 17 to 5 in a fast game of rugby. Scoring and leading in every quarter, the Markdale team broke through in the first with an early touchdown, with L. Annis receiving the honours. In the second quarter Dundalk came through with their lonely counter and D. Hunt broke the tie by kicking two beautiful punts over the Dundalk line to put them in front for the rest of the game. The third quarter found Dundalk trying hard with Markdale persistently trying to take advantage of all fumbles and breaks when D. Hunt, after a magnificent run of many yards, scored another major score of five. In the last quarter Markdale was always on the offensive, never giving Dundalk a chance to break away. With six minutes to play Annis came through once more with flying colours to gain another major, leaving the score 17 to 5.

With halves G. Dundas, D. Hunt and Mike Sullivan backing him up, L. Annis, quarterback successfully pivoted plays around and through the Dundalk line. The home line of Arrowsmith, Noble, Merriam and Down did their best in holding Dundalk to the one score, supported strongly in the back field.

I can't end until I mention the wonderful support the home team received in the "Rooting" section. At all times yells were given enthusiastically to urge on the boys in their fight, and they certainly had something to shout about!

Clare Hutchinson Escaped Injury in Truck Crash

Mr. Clare Hutchinson, formerly of this place, driver for the Longworth Milling Company of Durham, knows what it is to brush shoulders with sudden death, or he is still wondering how he managed to escape unscathed from the crash on the Chatsworth road, about three miles north of that village, that completely wrecked his heavy truck and left him to crawl through a shattered side window to safety.

The crash occurred just after noon on Wednesday. Hutchinson was bringing a load of buttermilk from Clarksburg to Durham, and his tank truck was carrying about four tons of the liquid. Approaching a knoll the driver pulled his machine well over on the right shoulder, and must have gotten over too far, for one of his wheels slipped over the edge. Immediately the buttermilk shifted to that side and the machine hurtled into the ditch, snapping off a hydro pole that stood in its path, and ending with all four wheels spinning in the air.

Hutchinson was able to make his way out of the truck unassisted, and help was summoned to get the truck back on its wheels. The buttermilk was spilled along the road and in the ditch, and the chassis of the truck was splintered and dented hopelessly.

## The Churches

Anglican Church Notes  
Rev. C. O. Pherrill, B.A., B.D.

Christ Church, Markdale  
10 a.m.—Sunday School.  
11 a.m.—Morning Service.  
7 p.m.—Evening Service.

Services commemorating the 20th Anniversary of the Armistice will be held, D.V., in Christ Church at 11 a.m. and 7 p.m., and in St. Matthias' Church, Berkeley, at 3 p.m., on Sunday, November 6th.

The regular meeting of the A. Y. P. A. will be held at the home of Mr. and Mrs. Jack Colgan on Thursday, November 3rd, at 8 o'clock.

St. Matthias' Church, Berkeley  
2.15 p.m.—Sunday School.  
3 p.m.—Church Service.

## United Church of Canada

Rev. S. E. Annis, M.A., B.D., Pastor

Sunday, November 6th  
10.45 a.m.—Morning Service.  
12 noon—Sunday School.  
3 p.m.—Ebenezer Service.

7 p.m.—The evening service will be withdrawn so that our people may join with the congregation of Cooke's Presbyterian Church in their Anniversary Service.

## The Presbyterian Church in Canada

Rev. J. E. Taylor, Minister

SERVICES AT  
Pricville at 11 a.m.  
Swinton Park at 3 p.m.  
Markdale at 7 p.m.

If you have no Church home come and worship with us. You will find a welcome.

## ANNIVERSARY

The 50th Anniversary of Cooke's Presbyterian Church will be observed this Sunday, November 6th.

The Rev. S. Moore Gordon, B.D., of Chatsworth Presbyterian Church, will be the special speaker of the day.

The services will be held at 11 a.m. and 7 p.m., and there is a hearty invitation given to all former members of the Church. Kindly let your friends know and come and worship with us that day.

There will be no Junior Church or Sunday School this week owing to the Anniversary Services. The following Sunday, November 13th, Sunday School and Junior Church will meet in the Church at 2.30 p.m. instead of 9.45 a.m.

The Young People's Society will meet in the church on Monday evening at the hour of 8 p.m. There is a welcome to all young people who care to come and meet with us.

The Young People's Executive will meet in the Church on Thursday of this week at 7 p.m. Choir practice will be held Thursday at 8 p.m. A good turnout is expected.

## Gospel Workers' Church

Rev. A. Mills, Minister

Markdale Church  
10 a.m.—Sunday School.  
11 a.m.—Revival Service.  
7.30 p.m.—Revival Service.

Williamsford Church  
11 a.m.—Sunday School.  
7.30 p.m.—Service.  
Cottage prayer meeting Tuesday evening.

## United Church of Canada Holland Centre Circuit

Rev. R. K. Burnside, LL.B., Pastor

11 a.m.—Berkeley.  
2.45 p.m.—Harkaway.  
7.30 p.m.—Holland Centre.

## Kimberley Baptist Mission

Rev. Donald Sinclair, Pastor

Service Sunday evening at 7.30—Subject: "Art Thou He That Troubleth Kimberley?"  
Tuesday evening at 8 o'clock—Prayer and Bible Study. Subject: "The Age of Conscience."

## Coming Events

Notices under this heading are inserted at five cents per line for each insertion with a minimum charge of 25 cents.

The members of Grey Chapter No. 170, Order of the Eastern Star, will hold a Bridge and Euchre in the Odd Fellows' Hall, Markdale, on Friday of this week, November 4th, at 8 o'clock. Lunch and program after the cards. Admission 35 cents.
