The Proposed Increase of 331/3% in GASOLINE TAXATION

TT IS proposed by the Government of the Province of Ontario to increase the tax on gasoline from six cents to eight cents per gallon. This increase, if made effective, means that the average motorist, driving 10,000 miles in a year and getting 18 miles to the gallon out of his car will pay over \$10 additional to the gasoline tax of \$33.33 which he is now paying. Figure it out for yourself. From six cents to eight cents a gallon means this:

		Taxes Now (excluding license)		Proposed Increase 331/4%	Gas Tax per Week per Car
	10,000 miles* per year	\$33.33	\$11.41	\$11.11	\$.85
	15,000 miles* per year	49.98	66.66	16.66	1.28
	20,000 miles* per year	66.66	88.88	22.22	1.70
	* (18 miles per gallon)				

The average car owner is not a rich man. He does not drive a new car. Out of 582,212 passenger car registrations in Ontario in 1938 but 48,561 were new cars. Yet the automobile owner is the most heavily taxed man in the community. In 1936 he was already contributing 30% of the provincial revenue. Here are the figures for 1936 and 1937. the latest official figures from the Government.

The Provincial Taxation on gasoline.... †16,019,857 17,614,161 *\$18,318,171 This figure is based upon the percentage increase in gasoline consumption, which percentage figure was obtained from

† Coupled with license fees in 1936, this TAX represents 30% of the Provincial Revenue. Since the motorist already bears 30% of the taxation burden of the Province, it is manifestly increase the burden.

Provincial Revenue from the taxation of Motor Paid by the public in Gasoline Taxation...... \$16,049,857 Paid by the public in Licenses, etc........... 11,144,956 \$27,194,813 Spent by the Government in Highway Construction (All Provincial Expenditures)..... \$ 9,419,509 Interest and Sinking Fund...... 13,630,543 \$23,050,052

\$ 4,144,761 In 1936 money collected for highway maintenance was being diverted from this purpose to the extent of

There is not available from official Government sources Expenditure on Roads, Interest and Sinking Fund charges, etc. subsequent to 1936. It is now proposed to secure an additional \$6,000,000 from the motorists of the Province through an increase in the gasoline tax from six to eight cents per gallon. While the motorist, as a citizen, has

been willing to assist the Government in problems of administration, a limit must be set to the burden imposed upon him. If you, as a car owner, are content to assume the added burden represented by a 2-cent increase in the gasoline tax, there is nothing you need do. Your silence will be interpreted as consent.

If you are not content, and wish to place yourself on record to that effect in the only quarter where your objection will carry weight, call at your regular service station, whether it be a B-A station or any other, and ask for a card which has been distributed for your convenience.

Just sign it, fill in your address, and leave it with the station attendant.

Issued as a service to the Motorists of Ontario **British American Oil Company Limited**

Choice butcher cows were in good demand at from 4.75 to 5.00, with choice heifery cows up to 5.50; fair to good outcher cows 4.25 to 4.75; common to medium 3.50 to 4.00; canners and utters 2.75 to 3.25. The bull trade was strong, choice light kind 5.25 to

Supplies of lambs were heavy an 1200 Alberta lambs sold at 8.75. with a few fancy Ontario lambs at 8.90. The sheep trade was strong choice from 5.00 to 5.50. Choice veal calves sold at 10.00; fair to on "Decisions"; Mrs. V. McKenzie read a selection about Lamount Hospeople's paper entitled, "The Mysgood from 8.50 to 9.50; common medium 6.00 to 8.00.

4.50. to 4.90.

.50; choice heavies 5.00; bolognas

two for them, most telephone calls seem to be for the neighbours. Not because they can't afford telephone service; almost everybody can, now. It's just one of those awkward situations. Some day, however, Joan will rush in with the news: "Mummy, they're getting a telephone!" and Mother will reply with a "Isn't that nice, Joan," and mean it! Telephone service is widely used because it is courteous, efficient, yet surprisingly inexpensive. Nothing else yields so much for what it costs!
