## "I GET LOANS FROM THIS BANK FOR LIVESTOCK AND CROP"

"I am a farmer. Loans from my bank help me buy seed . . . livestock . . . the things that grow and lead to profits. Profits lead to more loans . . . more profits . . . and so it goes!"

"How did I win my bank's co-operation? That was easier than it looks. I ask for loans repayable when I sell my grain and livestock."

When asking for a loan for seed in the spring, I expect my banker to enquire as to my financial position, acreage to be cropped, livestock holdings and probable sources of repayment. I give him my entire confidence, with the result that the bank places confidence in me."
