With our six invitations to formal functions, with prescribed attire, it is personal decorations that worry some of the M.P.'s. The other day a knot of Liberals who sit in the "rump" - the overflow to the left of the Speaker - were chatting and laughing as I passed behind the curtain near them. When I enquired what the joke was one of them said we have just been downtown to the milliner's buying Walter a silk hat to wear to the garden party. I said I would watch for him to see how he looked in it and they chorused: "That's why we are going."

Air. Perce Pentiand, of Handet., will be at this park at ten o'clock, and promptly at 12 o'clock will-take all the children to the reserved area in the Riverdale Park. Perce will have a red band on his hat. Look for him when you arrive.

Car drivers may not be able to drive all the way to this park, but, if they get to the city early they will have a better chance. If not able to drive all the way, they are advised to leave their cars (locked. of course); as near to this place as possible and walk with the children to the reserved area in the Riverdale Park. Perce will have a red band on his hat. Look for him when you arrive.

And a C.C.F'er said he couldn't go to the dinner, although he had fought with the King's forces for four years, because he hadn't "tails" and jdidn't feel justified in buying them, with so much unemployment and misery to be alleviated. Mrs. Black, who always dresses beautifully, is greatly concerned over the dress I am to wear to the most important function, the government dinner for the King and Queen. But the question that haunts me is, what do I wear to the dinner? But to get back to serious business. When you've got a telephone you can reassure people quickly. In the country, farm homes are far away from each other—it takes a lot of time to send somebody "next door"- but it takes no time at all when you've got a telephone. Then you are in touch with your neighbours, with the stores in the village - and if your grown up children are working in nearby towns - you can hear their voices too. Every farm home should have a telephone - because it costs so little.
