To Make A Decision

When trying to decide which Creamery to market your Cream and Eggs, the following are points by which to judge a Creamery:

A Creamery that will pay you HIGHEST MARKET price for your Cream.

Decidedly the HIGHEST paid prices for your Eggs.

That gives you an uninterrupted pick-up service the year round.

Quickest possible service on delivered Cream.

Close attention as to the accuracy of the testing and weighing of your Cream.

Without any hesitation we are claiming to practice the above-mentioned facts.

We are particularly advising to sell to your nearest Creamery, as by so doing you are keeping the overhead down on your product, and in case of any difficulty arising because of test or grade, we are always ready to discuss and advise on the above matters.
