It's a Boy!

Even as you read this, some Father somewhere is rushing this news to relatives. No matter where they are or what time it is—his first impulse is to let them know!

It's a Boy!

And that is also true of Aunts (and Uncles) and all the in-laws. Before Baby is half an hour old his arrival is celebrated far and wide—and he is endowed with a dozen names.

It's a Boy!

To Grandparents another chapter of Family History begins. Their grandparents may have waited for days before they had good news like this, but that was before the telephone—and Long Distance—became part of our everyday existence.

Spread Good News by LONG DISTANCE!

Look in your telephone directory and you'll find that by using Low Night Rates (also applying all day Sunday) and placing "Anyone" calls you can talk to nearby towns or Provinces for much less than you expected.

BEARS vs. BULLS

HOG PRICES "THE GOAT"

Buyers are known as "Bears" on the market, as they are usually trying to lower hog prices. Sellers are known as "Bulls" on the market, as they are always trying to uphold or raise prices, against the desire of the buyers. Which do you think has the farmers' and shippers' interest at heart.

ON THE OPEN COMPETITIVE MARKET there is a continual effort of one against the other, the result of which gives you the very highest prices possible for your CATTLE, CALVES, HOGS, SHEEP. Why not help to protect your livestock values by shipping to the open market and particularly to the old established firm of
