A large number of friends and neighbours gathered at the home of Mr. and Mrs. Sam Wiley on Tuesday evening, July 2nd and presented Mr. and Mrs. Ernest Hodgkinson, bride and groom of the previous week with a miscellaneous shower. At midnight the couple were asked to take the chairs of honour and the following addresses were read by Miss Ruby Brown and Mrs. Nelson Wilcox:

Markdale, July 2nd, 1940.  
 Dear Verna,—We, your friends of the New England Women's Institute have joined with the community tonight to spend a social time with you. You have always proven yourself of sterling qualities in this neighborhood, ready to lend a helping hand at all times, always willing to help in community activities or anything that you realized would lighten another's burden, and we are pleased that our connection with you will not be severed and that we can see you often. We know the distance is not so far that you may be often with us.

As you travel along life's royal road Kind thoughts of you remain. And day by day as we travel on Our loss will be others gain. We ask you to accept this tray as a remembrance of the good times we have had together. We trust that God's richest blessings are in store for you in the years to come. Signed on behalf of the W.I.

Markdale, July 2nd, 1940.

# A STATEMENT ON FORD WAR WORK IN CANADA

*This Company is in the war to the full limit of its resources. Until the British Empire is victorious, until the battle for freedom of nations and liberty of peoples is won, we have pledged all the vast manufacturing facilities of our Canadian and overseas affiliated companies to the service of the Empire.*

We regard this to be our simple duty as a Canadian institution, one of the industrial resources of the Dominion. The 8,400 employees in our plants as well as our widespread dealer and service organization from coast to coast are Canadian. The Company's shareholders include a large proportion of Canadian investors. No one individual, family or company has a majority control of our shares.

For these reasons, aside from our deep feeling of loyalty to the Empire and its high purposes, it is fitting that Ford Motor Company of Canada, Limited should give whole-hearted support to the national war effort.

From the very beginning this has been our course. Even before war was declared, in co-operation with officers of the Department of National Defence, we laid in our plant the groundwork of military production. Since conflict became a reality we have given our precedence over everything else. More than fifty per cent of our production is in vehicles for military use and this percentage is increasing rapidly.

We are now engaged in supplying approximately 35,000 motorized vehicles of many types, of which 10,000 are for the Canadian government and 25,000 for other Empire governments.

We are constructing at our own expense a \$700,000

plant addition to provide facilities for the building of Universal machine gun carriers of which we have undertaken to deliver fifty a week to the Canadian government as soon as production can be started. This addition will also enable us to increase production of other types of military vehicles. Our affiliated companies with plants in South Africa, Australia, New Zealand, India and Malaya are similarly engaged in Empire service.

Beyond our manufacturing facilities we have been fortunately able to contribute skilled man-power. From our Canadian and overseas organization, engineers and men with special training in transport and other lines are rendering valuable service.

Major adjustments in our business have been necessary through loss of export trade and because of domestic taxation. We have made these adjustments cheerfully. Our one concern now is the successful prosecution of this war so that people of all nations may again be able to work in freedom and peace.

*A. J. Campbell*  
 PRESIDENT

FORD MOTOR COMPANY OF CANADA, LIMITED

### Statement in Parliament by the Hon. C. D. Howe, Minister of Munitions and Supply

"The president of the Canadian Company has shown perhaps as keen a desire to assist in Canada's war effort as any citizen of this Dominion has done. His corporation since the outbreak of the war has done and is doing very important work for Canada's war effort, in the way of building motor transports and Universal carriers. The company has placed itself entirely in the hands of the government as to the terms of the contract which it has had.

"A contract, providing for a fixed price as low as we could find any basis for asking, was worked out, an overriding provision was inserted that the books of the company would be audited and if the stipulated price produced a profit more than a very low percentage indeed, that price would be scaled down accordingly. In other words, the work of the Ford Motor Company of Canada, its attitude toward the war, and its ability to assist in Canada's war effort, have been so far as I have been able to observe, beyond criticism."

### Statement in Senate by Senator Raoul Dandurand, Government Leader in the Senate

"Ford Motor Company of Canada is doing its utmost to serve the interests of the country, the War Supply Board and the Government."

### Statement in the Senate by Rt. Hon. Arthur Meighen, Conservative Leader in the Senate

"They (Ford dealers in Canada) are numbered in the hundreds. And the number of employees of these dealers is very large. The ramifications are tremendous. For all the purposes concerning us, the Company is a Canadian concern, and I can add to the assurance given by the honourable leader of the House my own feeling that there are no better Canadians than those at the head of the Ford Motor Company of Canada and throughout that Company's organization. They will assist us to the utmost in our war work."

### Women's Auxiliary Motor Service

Early in the war the Ford Motor Company of Canada, Limited, organized free training courses for women in the care and operation of motor vehicles for possible war service. 284 such classes have been conducted, with an enrollment of 7,345. The number who have completed the eight-week course is 3,473 with 2,656 now under instruction and 1,214 enrolled in new classes about to start. All instruction and equipment has been furnished by Ford dealers and the Company without charge.

### Types of Motorized Vehicles for Military Use Being Made by Ford Motor Company of Canada

The Company is engaged in manufacturing 35,000 motorized vehicles for Canadian and overseas governments. They include light two-wheel drive trucks, known as 8-cwt., which are used for carrying light stores, personnel or wireless sets; 15-cwt. units, used to transport heavier

loads, personnel, as anti-tank gun tractors, water tank carriers, etc.; 30-cwt. four-wheel drive, used as load carriers; three-ton, four and six wheels, for heavy loads, for workshops, for wrecking equipment, etc.; four-wheel drive gun tractors used to haul artillery, as well as ambulances and regular passenger cars and station wagons specially fitted and painted for army purposes. Present schedule of deliveries of these military vehicles constitutes more than 50 per cent of the Company's production. The plant is working day and night.
