#### South Grey Teachers **Hold Convention**

The 63rd convention of South Grey Teachers was opened in Hanover town hall at 9.30 Thursday morning, October 17, by Rev. Louis Pickering of Trinity United Church. About 136 teachers listened attentively to the opinions of Mr. Pickering relative to the attitude and responsibility of the teachers in respect to present world conditions

and the future of our country. After the reading of the minutes of last year's meeting and the presentation of various reports, Mayor Olifford Speer welcomed the teachers on behalf of the council and citzens of the town.

The president, Miss M. Leitmeier, in her address on "Patriotism in the School", mentioned the obvious duty of the teacher along this line and showed a variety of ways in which this important phase of life could be impressed upon the children so as to produce the right type of citizen for the future. "Floor-space and its Uses" was

from near Mount Forest, showing the advantages of having movable eats so as to provide space for more efficient teaching of various subects.

This was followed by a demontration of folk-dancing by a number of pupils trained by Miss E. A. Ries of Hanover.

Following a talk by Mr. G. A Noble of Durham on "Teachers' Federations." the men and women teachers met separately for organization purposes after which dinner was served to the teachers in the United Church by the ladies of that church.

After this the afternoon session was opened with an address by Miss sabelle Hastie on "The Influence of Neatness in a School-room." It was shown how neatness of person, lesks, floor walls, windows, pictures, etc., has a good influence on the habits, work, and outlook of the pupils, reaching even to their homes and the whole community.

A number of singing and rhythmic games by various pupils of Hanover public school and their teachers, organized and introduced by Miss I. Curtis, supplemented the points previously developed by Mr. Martin as to uses of floor-space.

The ever-popular topic, First Impressions," was well handled by one of South Grey's newest teachers, Miss Jean Waters, who showed what one raised and educated in the city might meet in a rural school and also how she could meet such novel situations with credit to herself, her training, and her profession.

The report of the delegate to the Ontario Educational Association's meetings in Toronto last Easter, prepared by Miss Florence MacInnes, gave but an inkling of what goes on at those meetings of interest to not only the teachers but the parents of the children of the prov-

Inspector G. E. Pentland mentioned a host of items of importance to the teachers and expressed satisfaction in the work being done by those der to gain their freedom.

Next year's meeting place is to be according to the results of activities of the incoming executive.

The new officers are: honorary president, Inspector G. E. Pentland; president, Mr. Robert Christie, Holstein; vice-president, Miss Nora Shortt. Holstein: secretary-treasur-H. Brown.

Thursday's meeting was closed with "The King," the teachers having decided and arranged to spend Friday observing in the schools of

#### Jehovah Witnesses Refused To Obey Law; Are Jailed

At Owen Sound four farmers, all members of the illegal Jehovah Witness sect, refused to pay fines of \$25 each or sign a \$100 bond to observe the law in future, and announced their intention of spending a month in jail, the alternative to not paying the fine. They were charged with advocating an illegal organization.

The four men were Robert Stephens, Derby township, and Cecil Barfoot, Roy Barfoot and Arthur Spencer, all of Kappel township. They declined an offer of suspended sentence because of the stipulation that they must sign the bond in or-

The charges were laid several weeks ago by R.C.M.P. Constable A. L. Langelle, and the evidence was taken more than two weeks ago, and since that time there have been two remands.

County Crown Attorney J. F. P. was prepared to consent to a suspended sentence, subject to the accused entering into an agreement, or giving their bond that they would desist from any further infringement of the Defense of Canada Regulations.

Mrs. Noble was found guilty and ined \$25 and costs, or one month in jail. She declared she would not tery. sign a bond to the effect that she would not again enter subversive activities, as that would be an admission on her part that she had done this before, which she denied.

#### Predicts A Mild Winter

The corn husk is not thick. The green frog has not slowed in his leaping. Hickory trees are barren. Water-fowl did not come out of the north early. So this winter will be mild said Chief Jerry Blueyes. He should know because he has seen 75 winters. He is a member of the Cayuga tribe of the Six Nations.

When the winter is going to be long and cold, the chief said, the green frog slows up, the corn grows a thick husk, the hickory trees are loaded and ducks and geese come out of the north early.
