What a Little Advertisement Can Do.

IF YOU ARE A MERCHANT:

It can tell people about the fancy or stylish new stocks of merchandise you have just put in for Fall or Winter trade. People are always interested in knowing where they can obtain the newest and best.

It can sell that slow-moving stock on your shelves. It can help you dispose of your leftovers or reasonable goods—some of which will soon be not so seasonal.

It can increase your turnover, reduce stocks on hand and add to your profits and bank account.

IF YOU SELL SERVICE:

It can tell people what you have to offer, attract customers and increase your sales and profits. Garages, Beauty Shops, Barber Shops and the like, which are wise enough to advertise, always get the cream in their lines.

And a Big Advertisement will work even harder than this.

An advertisement in The Markdale Standard will be read by practically everyone in this district. Such an advertisement costs but little, but it brings BIG RESULTS. Try one when you have something to sell.
