THE QUESTION FOR THIS WEEK IS:-

## "What High Schools are located and conducted within the boundaries of Grey County?"

Answers to this question must be in not later than 12 o'clock noon on Wed., Nov. 13.

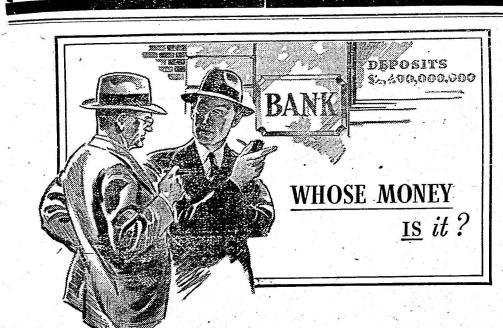

Each week a question will be asked and the answer to such question must be in our hands before Wednesday at 12 o'clock noon of the next week. The correct answer will be published in The Standard the week following the issue in which the question appeared. It has not yet been decided how many questions will be in the series but the person who at the end of the contest has the most correct answers will be awarded the first prize and will receive The Standard for three years; the second prize, two years' subscription; third prize, one year's subscription.

Each week the correct answers received will be filed and at the end of the contest Messrs. A. G. Robertson, J. A. Davis and Albert Rusk will award the prizes.

Winners to qualify for the award must be members of a family whose sub scription to The Standard at the end of the contest is paid to December 31st, 1941, or some later date.

The answer to the question "What makes up Grey County Municipalities and say whether Township, Town or Village?" is

Sixteen Townships, Four Towns and Six Villages. The Townships are Artemesia, Bentinck, Collingwood, Derby, Egremont, Euphrasia, Glenelg, Holland, Keppel, Normanby, Osprey, Proton, Sarawak, St. Vincent, Sullivan, Sydenham. The Towns are Durham, Hanover, Meaford, Thornbury. The Villages are Chatsworth, Dundalk, Flesherton, Markdale, Neustadt

VVHAT money? Why—the money in the banks! The money carefully put away by you and your nelghbours in savings accounts. The money you could have spent today but wanted to keep safely against some future need. The businessman's money for use in his normal operations. There are more than 4,846,000 bank deposit accounts, savings and current. Within these two classes the great majority of deposits are small or of moderate amount. But you'd be wrong if you assumed from this, that the rest of the deposits are owned by the few! Quite the contrary! The railways, for instance, have deposits in the chartered banks - and that indirectly includes the whole population of the Dominion. The trade unions have deposits. Millions of policy-holders share in the ownership wheat pools; farm co-operatives; churches; municipalities and municipal hydro commissions, school districts; school children's penny bank savings deposited with the chartered banks; and commercial and mining corporations with very wide lists of shareholders, large and small, all over Canada, Truly, money on deposit in Canada's chartered banks is owned, in fact, by you and your fellow-Canadians.

In war, as in peace, Canada's Chartered Banks maintain, uninterrupted, their useful services — safeguarding depositors' funds; facilitating the nation's business — looking forward to peace with freedom as the only sure basis of enduring prosperity.

THE CHARTERED BANKS OF CANADA
