The Poultry Season is now at hand and we are in the market to buy live and dressed poultry. There is always a good demand for well finished and fatted poultry. Poorly finished poultry is a drag on the market . . and if there is a large quantity of unfinished poultry on the market it has the tendency to keep the prices of the top grades down. Therefore bring your poultry up to the top grades before marketing and help to keep the prices up.

We have an excellent market for well finished poultry and we are paying the highest market prices for all grades. Our trucks are at your service to pick up your

poultry when so desired.

From November 1st, 1940, open night will be Saturday night only until further notice.
