During the winter months when storms are frequent, motoring at night is not always desirable. On account of this, it has been decided to hold the services in Cooke's Presbyterian Church at 10.30 a.m. each Sunday instead of 7 p.m. as formerly, commencing next Sunday, Dec. 1st. This will enable Dr. Campbell to motor to and from his home in Priceville in daylight and thus the long trips after dark will be eliminated. It is hoped that all members, adherents and friends of Cooke's Church will note the change and do their best to co-operate with the suggestion of Presbytery and thus make it easier for Dr. Campbell. The Sunday School will meet immediately at the close of the church service.

Worth \$50.00, costs only 50c. Best I ever used. That's what one user said about Lloyd's Thymolated Corn and Callous Salve. Marshall's Drug Store, Markdale.

Mr. David Whyte, B.A., B. Paed., a former resident of this locality and a past principal of the Toronto Normal School, on Friday last when he was presented by one-time colleagues and students of a portrait of himself painted by Charles McGregor, O.S.A., to be hung in the school. Mr. Whyte was a science teacher at the Owen Sound Collegiate and remained there for about eight years, leaving there about 1910 for Toronto where he became a member of the Normal staff, and later Principal. He was a native of Glenelg, where he obtained his primary education in "a little red school house", and later attended High School at Harriston and Collingwood. Thousands of teachers have been trained under his guiding hand and high tribute was paid to his fine contribution to education.

## Markdale 3rd Room Pupils Entertain Cheeseville Pupils

The pupils of the third room of the local public school entertained the teacher, Miss Thomas, and pupils of Cheeseville School at an interesting program on Friday afternoon last. The opening number was a Health song, led by Marion Beaton, followed by a spelling match in baseball arrangement. "There'll Always be an England" was then sung by the pupils of both schools. A display of free hand drawing was followed by a "Pumpkin Song" by seven boys. The new method of teaching physical drill by song was led by Doreen Alcox. Readings were given by Curtis Ryan and Ruth Brodie of Grade 5 and by Bobbie Rapp and Teresa McMillan of Grade 6. As an illustration of social studies, the life and travels of Marco Polo were given by Grade 5. Rev. S. E. Annis then gave an interesting talk on China and displayed several Chinese curios. The program was then brought to a close by singing "Abide with me" and the National Anthem. Lunch, which had been prepared by the pupils, was then served by a number of the boys. Frances Thibault of Cheeseville School then thanked the Markdale pupils for the enjoyable afternoon.

We also were in attendance at the delightful afternoon proceedings and congratulate Miss McLoughry and pupils on the pleasing manner in which the new methods of teaching were demonstrated.

The meeting closed with hymn "Onward Christian Soldiers".

## Bank of Montreal Report Reveals Strength

After a year of war-time conditions, the annual statement of the Bank of Montreal reflects again the strength and solidarity of an institution which for 123 years has been in the forefront of Canadian finance. Assets of \$961,334,955 show some contraction as compared with the previous report, when an all-time record of \$1,025,508,367 was established—due in part to transactions of a special nature, as was explained at the annual meeting of shareholders—but showing a substantial increase over the total of \$874,255,528 reported in 1938.

The profits for the year, after making appropriations to Contingent Reserve Fund and provision for bad and doubtful debts and Federal and Provincial taxes, were \$3,435,941, as compared with \$3,462,446 in 1939. The increase in the bank's contributions to public revenues is indicated by an increase in Federal and Provincial taxes from \$1,198,413 to \$1,927,824, or \$729,411. The profits are the equivalent of 4.5% on the capital rest and undivided profits, showing no appreciable change.

The bank's liquid position is strongly maintained. Quickly available resources, totalling \$663,185,436, show some contraction, largely as the result of the reduction of holdings of government and other bonds and debentures from \$517,174,255 to \$461,827,040, but are still at the high ratio of 75% of all liabilities to the public. Cash in the bank's vaults and money on deposit with the Bank of Canada at \$83,034,576 compare with \$94,641,456 in the previous report and are 9.39% of the total liabilities to the public. Notes of and cheques on other banks, \$32,254,269, money on deposit in other banks, \$61,382,233, stocks \$196,182, call loans outside Canada, \$19,552,470, call loans in Canada, \$4,606,348, and acceptances, \$332,264, show no significant changes.

The bank's part in financing the expansion of industrial, agricultural and other productive and general business activities throughout the country is reflected in an increase of over \$13,000,000 in loans "to manufacturers, farmers, merchants and others", at \$233,560,368, compared with \$220,548,911. Loans to provincial and municipal governments, including school districts of \$35,313,063, compare with \$36,712,318, while other items among the bank's resources—Bank Premises \$13,900,000, Acceptances and Letters of Credit \$11,677,303, and "other assets", \$2,724,581—show no important changes.

Deposits at \$848,865,349, compare with \$914,909,050; notes of the bank in circulation, at \$19,316,520, were less by \$1,950,772, in keeping with the contraction of issuing power under the Bank Act; acceptances and letters of credit outstanding at \$11,677,303 and other liabilities to the amount of \$3,892,125, show some increase, the total of liabilities to the public at \$884,251,299 being lower by \$64,251,622. The reduction in deposits can be taken as a result of the withdrawal of the special transactions already referred to and public participation in government war financing.

After payment of the usual dividends and appropriation of \$500,000 for bank premises, \$55,941 was added to the balance of profit and loss compared with \$82,446 in 1939; the total balance in this account is now \$1,321,642.

## Mailing Parcels to Soldiers

Excellent advice to persons mailing or proposing to mail parcels to soldier friends in Great Britain is given by the Windsor Star. It is pointed out that when one mails a parcel to the Old Land, it is well to be sure that the package does not weigh more than 11 pounds, unless you are prepared to pay a much higher postal charge. The special rate for soldiers' parcels is 12 cents per pound up to and including 11 pounds. That is, a three-pound parcel costs 36 cents postage, a seven-pound parcel costs \$4 cents, a ten-pound parcel costs \$1.30 and a 11-pound parcel costs \$1.32. Ent, supposing the parcel is just a couple of ounces over 11 pounds, then the rate will be \$2.50 per parcel. In other words, those extra few ounces would cost \$1.18. Over 11 pounds and up to and including 15 pounds, the rate is \$2.50 per parcel. Over 15 pounds and up to and including 20 pounds the rate is \$3 per parcel. Twenty pounds is the limit. Many persons have made up parcels that just shade a bit over the 11 pounds and they got a shock when they found what that did to the postage rate. So, when making up the parcels watch that weight limit, unless you are prepared to pay the \$2.50.

## A Canadian Soldier and his Dad in England

The above picture, reproduced from The Blyth (England) News, shows Mr. Mark Heslop welcoming his son, Sapper William T. Heslop, who is a member of the Canadian Forces now in England. Before going overseas Sapper Heslop was married to Miss Nora Holley, who is still residing in Markdale.

## Blyth Family Reunited by War

(The News, Blyth, England)

Twenty-nine year-old Sapper William T. Heslop, a member of the Canadian First Overseas Division now "Somewhere in England", has, as a result of the war, been reunited with his family at Blyth after a separation of 12 years, caused by his emigration to Canada.

Sapper Heslop completed a spell of leave on Tuesday, having spent it with his father and mother, Mr. and Mrs. Mark Heslop, of 6 Nelson Place, Blyth, whom he had not seen since he and his brother, Albert Heslop sailed for Canada in June, 1928.

When they arrived there they began their new life in the Dominion by working on farms in Ontario. After seeing a good deal of the country and doing all kinds of jobs they settled down on their own account in a timber business at Flesherton, Ontario.

When war broke out, both brothers answered the Motherland's call together, William enrolling in the Canadian Royal Engineers and Albert in the Royal Canadian Army Service Corps. Albert is still in

Canada, but his brother arrived in this country some time ago.

Before he left Blyth to rejoin the Division, after spending a well-earned leave in his home town, during which he met many old acquaintances he told a Blyth News reporter:

"The Canadians are just bursting to get into it. They were certainly sorry they were turned back from France because they were simply itching for a scrap. Like those left behind in Canada, they are 100 per cent with this country and all of them are as keen as mustard to have a 'go' at Jerry. As a matter of fact, we are all tired of doing nothing. We want action," he declared. "We think invasion is impossible, but if it comes we are surely ready for it."

Sapper Heslop's father is employed on the High Ferry at Blyth. He served throughout the last war in the Garrison Artillery and was called up again in September, last year. In July, however, he was released to return to his own job on the river and was transferred to the Reserve.
