Our storing charges will be approximately \$1.00 per cubic foot per year. A \$5.00 locker will hold approximately 250 lbs. of meat and a \$6.00 locker wil old approximately 300 lbs. of meat. Therefore the cost per lb. for storing, when renting a locker will depend on how often the locker is refilled during the year. The renter of a locker may use his own lock and key and he only will have access to the locker. To those who wish to store a small quantity and who do not wish to rent a locker by the year the charge will be 1½c per lb.
