L E. COLGAN & SON, Publish Let Council and Citizens Get Down To Work

(Durham Chronicle) Now that the elections are over and our new Council elected, it is to be hoped that the interest of the citizens does not wane. A town's Council is no better than its citizens The success of a Council, and town, depends pretty much on co operation between it and the rate payers. Now that the 1941 Council is been selected it is to be hoped the citizens will furnish the necessary co-operation that will enable our legislators to do things. Most Councils are willing if they only

knew what is expected of them. We believe that a great deal ca: be accomplished in any municipality if the council and the people work together. It should be remembered that good towns do not happen. They are made. It takes work, and planning, and sometimes the results are not encouraging, but it is only by keeping everlastingly at it the success can be attained. We have a good Council for 1941

their term of office is up they can look back and see the results their work. Left alone, about all a Council can do is to pay the coupons on debentures already approved by the 40 YEARS AGO: January 17, 190 the hospital bills, look after relief under the guidance of the Provincial inspector, and fix up the back streets town on Sunday. a bit. VISITED NATIVE HOME FOR CHRISTMAS

For the first time since 1914, Mr. Wellington Whittaker was able to spend Christmas Day with his mother, Mrs. Richard Whittaker, and his brother, Mr. I. B. Whittaker, and family, and was accompanied by his wife, son and daughter. It was the first visit by the young people to the home of their father. Mr. Whittaker had to return to his work with the Ford Motor Company at Windsor on Thursday, but his family remained to visit during the holiday season. They were glad to have at last reached Canada from their home in Paris, France, from which they were forced to flee last June, the story of which has appeared in former issues of The Standard.
