CHAPTER V

The Taylors left Sioux Springs early. Carrie joined them after a hearty breakfast at Ma Parmley's. The wagon was piled high with supplies, most for Carrie's claim. She sat between Mrs. Taylor and big Ed, perched in front

The wagon, grinding deep into choking cloud of dust. Ahead Carrie could see still other wag-ons, and behind them Sioux Springs' single dusty street was live with rumbling, creaking

freighters and every conceivable Carrie would never forget that morning. The sun beat down mercilessly, she thought, and she was glad that Ma Parmley had bonnet. Mrs. Taylor wore one, too. Big Ed Taylor, busy driv-ing, didn't say much except to ote the powdery dryness of the

"Seems." Ed said, "as if this is about the dryest spell I've seen in a long time. Little rain would e help this here prairie grass. Look at how brown it's getting

bumping along, staring at the seared grass as far as her eyes could reach, and thought, with a shudder, it was almost hot enough to burn. She noticed, however, grass was greener along the bot-tom lands when Ed Taylor whipped his team of grays across Rock Creek an hour before noon and pulled up at Carrie's claim. While Mrs. Taylor got out their lunch, he unloaded supplies, stacked them near the soddy site. Then they seat down and ate as Carrie never remembered eating

A VISITOR — OAKS "Might as well come with us now," big Ed said, "until we get straightened around. Not much you can do here alone till we put up that soddy." But Carrie refused, saving she might as well get used to being on a homes alone, that she wanted to get the "feel" of her land.

"Miss Lane." Oaks pressed on, "the capital must be located in Grove City. Look, hundreds of Carrie waved goodbye to the lots have been sold there al-ready." He produced further evidence of lot transactions. "People ful that such people lived. She are coming west on every train out of Chicago. In six months it and out of sight beyond the trees You don't need to homestead out ck to survey the thing Taylor had unloaded when she A WARNING saw a lone figure driving across Oaks stopped. Carrie Lane was the creek in a buggy toward her

claim. Instantly she was excited. Si did not have long to wait. The visitor was Ashton Oaks. Carrie recognized him with a sudden fear, which she could not wholly disguise as he drove up.

Oaks, affable, immaculate is his cutaway and black hat, jumped down from the buggy, greet ed Carrie effusively. "Well, well," he said, survey ing the pile of homestead stocks. up right. Building and every-

head. "In that case I don't think you or Mr. Deuel either have thing."
"That's exactly it," said Carheard the last from me." rie. "The Taylors hauled out the last load today and this aftergy, reached for his long, black whip. "It might be a good thing to remember. Helpful Hints On Stockings

Reasonable Care Will Pro-

If you find by experience that your favorite make of stockings tends to shrink a little when wash ed, it's wise to buy one size larger than the correct one.

You can touchen new stockings by washing them before they as worn. Just squeeze them gently through lakevarm water, using no soap. Then put them through a second water containing a little vinegar, which helps to fix the color and strengthen the silk. DON'T WEAR TWO DAYS

You should never wear a stock ing two days running, without washing it. The reasons for this are: (1) Persolration rots the sill unless it is washed out immediately; (2) If you wear a stocking a second day, your foot goes into the same place, and it gets the rub of the shoe at precisely the same spot, instead of moving round a fraction as it would do if the stocking has been washed.

Always use flakes to wash stock

ings. Squeeze suds gently through them and rinse several times in clear, luke-warm water, Squeez out the surplus water, never wring them, and dry away from the heat

Total revenues of steam railways in Canada during 1939 am-ounted to \$365,179,095 compared with \$336.S33.400 in the preced ing year.

Interesting to embroider and a delight to own are towels and pillow cases trimmed with these smart "His and Hers" or "Mr. and Mrs." monogram motifs. It's all simple stitchery! Pattern 2632 contains a transfer pattern of 12 motifs averaging 5 x 5% inches; materials required; illustration of stitches.

Send twenty cents in coins (stamps cannot be accepted) for this pattern to Wilson Needlecraft Dept., 73 West Adelaide St., Toronto. Write plainly Pattern Number, your Name and Address.

B. C. Girls Go For Bare Legs

Their Solution to Silk Stocking Ban-If It Comes

When stocks of pure silk hosiery are exhausted and you want to rank with the well-dressed woman you have three choices, girls—ankle socks or knee length stockings of wool or no stockings

At any rate, so say the girls umbia and a lot of Vancouver merchants are taking them at their word. Several small stores are laying in larger supplies of ankle socks and stockings than usual, although many of them think it's a passing fad. "If we can't wear real silk stockings we'd rather not wear

any," declared one co-ed who is something of a campus spokes-man. She had it figured out man. She had it figured out that a good sun-tan acquired in the summer could be eked out through the winter by sun-tan treatments, which would make stockingless legs less conspicu-

ous.
No stockings at night and socks by day was her contribution to the problem of what the welldressed woman should wear in 1941 when the effect of the importation ban on raw silk from non-sterling countries is felt. However, she hasn't yet decided how her idea will catch on in less temperate climates than British Columbia.

Bites Own Finger

When luck went against him, a gambler cut off one of his fin-gers with a knife and placed it on the gaming table in the Asia Gambling House in Nantao. China. He was arrested by Japanese gendarmes. Recently two of the many gambling houses which have sprung up under the guise of ballrooms and ten houses were bombed with hand grenades, casualties resulting in one of the places.

Easy Way to Relieve RHEUMATIC

Aches and Pains Here is a simple, easy way to get relief from the agony of swollen, rheumatic joints and muscular aches and pains. Go to your druggist and get a bottle of Ru-Ma. If you are not pleased with the help it gives you—go get your money back. This is a generous offer you can not afford to ignore.

Household Hints

The easiest way to fill up cracks a stiff paste with equal parts of flour, whiting and salt, using water little by little. When this paste dries, it is bone hard and quite unnoticeable in cement-colored stonewor. All those small cracks can cally no cost.

To make extra bed-coverings save all discarded woollens. Wash them, cut into suitable pieces and stitch flat on to old pieces of thin blanket. Cover in pretty chintz or cretonne, leaving eyelet holes

Ink stains can be removed from with a cloth dipped in cold water. Change water as it becomes dis coloured.

A few drops of eucalyptus oil added to that pail of hot scrubbing water makes an excellent disinfectant especially if their is 'flu abroad.

Many Ways to Light A Closet

There are numerous ways of lighting a closet, with relative merits and disadvantages in all methods. A ceiling light in the wall switch. However, there is always the danger that this light will be forgotten and burn needlessly for hours. A switch outside of the closet door could be provided with a pilot light that giows red while the light is on.
The door switch, which automatically turns the light on when the door is open and turns it off when the door is closed, is satisfactory if the occupants of the

house are careful about closing One of the newer arrangements is the light that burns for a stated time and then automatically turns off. This is a guard against wasted electricity, but is occasionally an annoyance when it goes out before the desired ar-ticle has been found.

Storage Space Household Need

Unused Family Articles Require Adequate Cupboards

Storage space is an absolute

necessity in a house, no matter what its size. One of the limitations of many apartments is the relatively small amount of stor-age space available. Every family has numerous possessions which must be stored. Closets in bedrooms and a single closet storage of linens is not enough house. The average family mus in addition to the clothing and linens, store such things as trunks, luggage, old toys, tennis rackets, golf clubs, odd pieces of furniture, seasonal accessories and decorations, winter clothes, utensils and tools not in use all the time, and hundreds of other small and large items. In houses of traditional design storage space is usually provided either in a basement or an attic. In most modern houses, even those which are not of so-called

"modern" design, both attic and ba ement have been eliminated. This is justifiable in the eves of planners if adequate space for storage is provided in other parts A sizable utility room which is also used as a laundry will pro-vide some space for storage. Additional space can be made avail-able in other parts of the house or in the garage. Being above ground, the garage space affords a certain amount of light and air

age than the basement. If the garage is attached to the house it may also be more convenien than attic storage space Radiator Tops

Proper Design Will Prevent The Soiling Of Draperies

Radiator covers hide unsightly

Prove Useful

radiators and, contrary to a popular notion, they will not cut down the heating efficiency if they are properly designed. some cases they will actually crease the heating power. One of the most popular cover has an opening about three or four inches high at the bottom of the front plate at the floor leve and has a grill on top or else has the top entirely open. Such a cover acts as a flue and creates an updraft through the radiator which blows the warmed air into the room at a quickened speed.

However covers of this type are ant to spoil the draperies above it quickly. To avoid this, cover having a solid top but with grille at the top of the fron

street plate instead may be substituted. For greater efficiency a curved deflector should be inserted to give the air an easy flow to the opening and eliminate the pock-et that would otherwise exist.

WITHOUT DOSING!

HERE'S HOW TO CORRECT

If you have suffered from constipa-tion, you probably know from ex-perience that harsh purgative, give, at best, only temporary relief. at next, only temporary rener.

That's shy doctors will tell you to get at the cause. If your constipation is the common type due to lack of the right kind of "bulk,"

HOW TO RELIEVE

PILE TORTURE

QUICKLY & EASILY

If you are troubled with itching piles or rectal soreness, do not delay treatment and run the risk of letting this condition become chronic Any itching or soreness or painful passage of stool is nature's warning that proper treatment should be secured at once.

For this purpose get a package of Hem-Roid from your druggist and use as directed. This Hem-Roid formula which is used internally in the form of a small, easy to take tablet, will quickly relieve the itching and soreness and aid in healing the sore tender spots. Hem-Roid is pleasant to use, is highly recommended and it seems the height of folly for any one to risk a painful and chronic pile condition when such a fine remedy may be had at so reasonable a cost.

If you try Hem-Roid and are not

If you try Hem-Rold and are not entirely pleased with the results, your druggist will gladly return your money.

SUNDAY SCHOOL LESSON

CHRIST'S CONCERN FOR THE PRINTED TEXT, Luke 15: 1-16 GOLDEN TEXT.-The man came to seek and to say that which was lost Lake 19: 19. THE LESSON IN ITS SETTING Time.—January, A.D. 30. Place.—Same place in Peraea.

on the value of these things. Hor much more valuable than any property or even a domesticate animal is the loss of a soul-a mai or woman becoming an absolute shipwreck, abandoned by men and of all studying this leason should be stirred up with a desire to go out and seek men who know no Christ. The theme of the parable in this lesson is the grace of Godthe object of the chapter is not so much to show how men are saved, but why they are saved.

Luke 15 : 1. "Now all the pub icans and sinners were drawing near unto him to hear him." (A publican in the New Testamen was a Jew in the employ of th Roman Government collecting tax-es, generally from fellow Jews, for the enrichment of the hated officers who were enforcing the laws of the Gentile power upon these conquered children of Israel They were utterly despised by those not living in conformity with both the Pharisees and the scribe murmured, saying. This man re-ceiveth sinners, and eateth with

What our Lord now is about to say contains first a precious mess radiant with the love of God for these poor publicans and sinners who needed God so much in their lives. Up to now they had been prevented from coming to Him by all the legalistic paraphernalis which the Pharisce insisted upon. This message was for the Pharisees and scribes, too, to show them how far from the will of God they were in condemning he Lord Jesus for mingling with such people as they despised. All three of these parables move about one word as it were, namely, th word "lost"-a lost sheep a lost coin, and a lost man. The sheep wanders away heedlessly, not of set purpose, but drawn onward by one tuft of sweet herbage after other, till it has got out of sight of the flock and hearing of the shepherd. So many men stray away from God and Christ, not delibertely, but simply because they folow inclination and the desires of the flesh. The coin, on the other

Sawdust Pastry

How would you like to spread on your bread a pat of butter made from coal? That is what the Germans are doing. Their new experimental coal-butter consists of 64 per cent. water, 17 per cent, mineral oils, 16.5 salt. And for coarse synthetic flour they advocate a 20 per cent. admixture of sawdust, plaster and Baltic sand added to or-

Crop Improvement Association, King Edward Hotel, Tororto, Feb. 10-14th. The object of this seed display is to help the grower with a surplus in finding a market with buyers who are looking for

high quality seed. The Ontario Piowmen's Association and the Association of Agricultural societies are holding annual conventions during week at the King Edward Hotel and the Ontario-Province Winter Seed Fair will also be held that week. Hundreds of farmers will attend these events many of whom will be looking for good seed.
TO HELP THE GROWER

Only varieties which have been accepted for registration or cer display and all seed must b graded. The sample to be dis-played in each case must be reresentative of the bulk lot for follows—grain and corn 2 qts.; clover and grass seed 1 qt.; po-Suitable containers and tags will be supplied; samples will be

on display during the entire week ing all seed offered for sale will be prepared for distribution It is expected that there will he a keen demand for good seed during 1941. Consult your Agri cultural Representative or seed cleaning plant operator for further information or write direct to John D. MacLeod, Secr tary-Treasurer, Ontario Crop Is provement Association, Parlia ment Buildings, Toronto.

Amusing sidelight on Hollywood is that the "Stars" are no longer the boss. New bosses in Hollywood are the boys who take the "can-did" photographs for the fillum mags. No matter how beautiful a male or female star may be, there are certain camera angles that make them look not one darn bit better than you or me, or my Uncle Willie. If a "star" won't co operate, one of these "candids" published, and it costs that star about a million dollars worth of disillusionment on the part of the

Duke of Windsor Wore Crayon Stripes

Fashions set and worn by the Duke of Windsor are much followed in the men's wear world, and in view of the prominence of suits including tailored ones, in the women's field, it is worth giving a second look to the sui he was photographed in on his re-cent visit to Miami, Pla. The suit, with its low end wide gorge, is a clue to curren edicts in men's fashions, and the use of the wide, strong white rayon stripe of the cloth is interesting. In gray it is worn with a matching gray shirt, with maroon tie, printed in gray and white flower spots.
