You are needed NOW!

for **ACTIVE SERVICE**

This is Canada's call to YOU! Men are now wanted to man the guns, tanks, armoured units; all the implements of modern warfare which the factories are producing in mounting volume.

It is a different war this time. When we licked the Hun before, men were recruited here to train in England, to fight in France. Now you are recruited and trained here; then go Overseas to join the stalwarts holding battle positions on the shores of Old England, or wherever the call demands.

The Canadian Active Army requires men for Artillery, Engineers, Signals, Armoured Cars, Tanks, Infantry, Transport and Supply, Medical, Ordnance and other branches of the Service. The Army is prepared to teach many trades; and to train you to efficiently handle Canada's weapons of war.

Go to your nearest District Recruiting Office. Find out about these Units; how they work, what they do. See just where you'll fit in. See where any particular skill you possess can best be utilized. Then join up for ACTION.

RATES OF PAY IN THE RANKS

DEPARTMENT OF NATIONAL DEFENCE CANADA

CANADA CALLS

Canada has reason to count her blessings in these days of trial. Canada is three thousand miles away from the sound of guns which are devastating Europe.

The broad Atlantic Ocean rolls between us and the ruthless savagery of the German Armies.

The strongest fleets in the world—British, American and Canadian—patrol the sea between us and the enemy.

We have a great friendly nation, probably the richest and most powerful in the world, at our side.

CANADA CAN AFFORD HER SACRIFICES

This war is a mechanized war.

We have the nickel... copper... lead... zinc and other metals the war industries need. We have access to the iron. We can make the steel.

We have the organized industries to fabricate these metals and make the trucks, and tanks, and guns, and planes, and the ships.

We have skilled workers and the plants for mass production. Canada has the wheat and the food supplies.

Let us count our blessings, and tighten our belts.

Canada is rich—one of the richest countries per head of population in the world. Let us lend our strength to the utmost of our power. Our national future depends upon Victory.

We must win to live.

THERE WILL BE FURTHER CALLS

There have been many calls upon the people of this country for money since Canada entered the war at the side of Great Britain.

There will be further calls.

Let us face the future unafraid.

Canada can carry the load.

But every Canadian must shoulder his and her share.

This is the most critical hour in our history. Let the future historians say of Canada, as they will say of our Mother Country: "This was their finest hour."
