Food Rationing In Great Britain

> Meat Ration Severe B Fish, Chicken and Rabb Not Affected

The British norsewife is permit ted now to spend the eq about twenty-three cents ment each week for each member of her family. Lord Woolton, the Minister of Food, has said this amount is unlikely to be increased until after the war. To America this may seem like a pitifully small meat allowance, but it does not tell the whole story. Fish, chicken and rabbit are not ration ed, and with these the tent in the diet may be eke The poor of Great Britain are by little affected, for even in norma fats and eggs was little if any time restrictions. More Tea for Some

The rationing of tea, sugar and cheese works greater hardships among the poor. Bread and cheese provide the standard luncheon of housands of agricultural workers and miners in the British Isles. Until recently they, like every one else, were restricted to one ounce of cheese weekly. Now the ration has been doubled and agricultura first instance in Great Britain of ing characteristic of the German stem. It is to be applied further to harvesters, who will be per-mitted five cups of tea a day dur-

Jam and marmalade likewise are energy-producing foods much used by the British. Lord Woolton has ded that housewives who want double the regular ration of eight ounces per week for each person in their families during the fruitpicking season. Four pounds of jam per head does not seem an important addition to the larder, until it is remembered that under lade and jam it would take four

just how the Nazified minds of Hitler youth work. This young

German, a very personable cha

flying ship until the Royal Nav

hospital for some time with

serious illness. His physician.

regardless of nationality, pulled

him through by dint of great ef-

fort. In the course of a length

convalescence the doctor and his patient became quite chummy.

They talked of this and that, ex-

moved his charge from the hospital in his personal car, and as they

were driving along a thought oc-curred sto him. "Now that we're good friends." the doctor said in

ffect, "tell me, would you try to

escape from my custody? Would

you, if you had a gun this very

minute, use it against me to gain your freedom?" The Nazi regard-

od him uncomfortably, then blurt

ed out: "If I felt that it was my

Fuehrer's wish, I would shoo
