TO PAY YOUR 1941

on the Government Monthly Plan

You must start at once!

Next Tuesday will be the last opportunity to pay your 1941 Income Tax on the Government Monthly Plan. This gives you the privilege of paying in twelve monthly installments without interest, instead of by lump sum

Here is how to get the monthly payment privilege! Divide the total of your 1940 Income Tax by twelve. This is your first payment—and must be paid to the Receiver General on or before September 30, 1941. You will then pay the same amount before the end of each month for the balance of 1941. When you have

estimated your 1941 income tax at the 1941 rate, you will deduct the four payments you will have already made, and pay the remainder in eight equal monthly installments, starting January, 1942.

The Government offers the above plan as the most reasonable and convenient method of meeting income tax obligations. Ask your local Income Tax Office for Installment Income Tax Remittance Form — and any

mation you may require.

## LET US BE THANKFUL!

Let us give thanks that we are living to-day—even though there is a world war raging-instead of 40, 50 or 60 years ago.

A few decades ago the average person had to travel miles to buy the bare necessities of life, and the travelling then was something to write home about on a rainy day. When you got to the store—such as it was—the selection was confined to the bare necessities of those days, and you couldn't compare the prices with other "shop-But oven with all those difficulties, folks bought at home, from their nearest store or business place. Those business places were the hubs around which communities grew. Every Ontario community to-day owes its existence to its merchanis and business men.

From the beginning created by those pioneers in the business world most of us to-day owe the chance we have to earn our daily bread. Without them any community—large or small—would wither and decay into emptinees. The bulk of our taxes are gaid by business places. The scear bulk of the flow of business—which means are necessary to complete the above ald motored to Toronto over the noney—comes from our shopping centre and helps keep us all in the comforts of modern civilization, directly treatment.
