

New Year Greetings

To Our Friends and Customers:

As the year 1941 draws to a close we express our gratitude for your co-operation and confidence in us in this time of increasingly difficult operation of commercial activities due to the necessities of war, to which we must all conform and give first place.

May the year 1942 bring Peace, Happiness and Prosperity to you and yours.

P. J. Thompson

VANDELEUR

A Happy and Prosperous New Year to Ye Editor and staff and all readers of The Standard.

Christmas passed off quietly in this community with the usual happy family gatherings, of which there were many. The weather was ideal and added greatly to the pleasure of the day. It was one of the most beautiful Christmas days that we can remember.

The service in the church on Christmas Sunday was appropriate to the occasion. The pastor, Rev. Annis delivered a fine Christmas message and the choir rendered a couple of special numbers. Ten young people were received into the church membership. The Sacrament of the Lord's supper was also observed.

The annual Christmas entertainment which was held in the school house on Friday evening, Dec. 19, was a decided success in every particular. A splendid program of recitations, songs, choruses, dialogues and drills was put on by the pupils. There was also a couple of short plays by the young people of the community. Rev. Annis gave a short address and Will Johnston acted as chairman. Following the program Santa arrived and unloaded the tree, much to the delight of the children. It was a good entertainment and the teacher, Miss Dawn and pupils are to be congratulated upon its success.

Bentnick Township Meeting Federation of Agriculture

On Friday of last week the Bentnick Township Branch of the Federation of Agriculture held two meetings—one at Louise Hall in the afternoon and the other at Allan Park School at night. The attendance at both meetings was not as large as it should have been.

The guest speaker was Mr. V. S. Milburn, Secretary of the Ontario Federation of Agriculture. His office is in Toronto, but he, himself, is a farmer who still owns and operates his farm near Peterboro. The address was, therefore, most practical and every farmer present not only enjoyed his address but gleaned many facts relative to their own organization.

At the outset he traced the development and growth of this organization in B.C. and the West. Nova Scotia is also doing well. There are now twenty-seven counties in Ontario which have County Branches of the Federation.

The following summary, declared the speaker, gives some idea of the accomplishments to the present time and yet the organization is not nearly complete.

1. Protest against the first suggestion of the maximum peg price for butter ultimately secured for us, we believe, 4 or 5 cents a pound butterfat during the winter months.
2. Price for butter this past summer was higher during the months of greatest production.
3. Protest at the London meeting of the treatment accorded Agriculture in this war effort helped to secure a provincial bonus on cheese of 2¢ a pound, a federal bonus on cheese of approximately 2.6 and a provincial bonus on hogs of \$1.00 for A's and 50¢ for B's.
4. The promise at the London meeting of a minimum price for butter and the subsequent fight for establishment of a minimum price higher than that which was recommended by the trade (29¢); our

recommended price being 34¢, which was close to the price that prevailed during the production period.

5. A Feed Conference, the preliminary meeting of which was held in Toronto and later one in Ottawa and the recommendations of the feed programme which later came into being at the meeting called by Mr. Gardiner, federal minister of Agriculture, for that purpose, influencing the final outcome of the feed programme whereby all freight is paid on western feed grain from Fort William.

6. Assisting in the preliminary organization work of thirty odd counties and continuing to stimulate the interest and desire of working together upon the part of the large number of provincial commodity organizations.

7. The establishment of the Ontario and Canadian offices with full time secretaries and the multiplicity of smaller details that are involved in all the aforementioned.

Moreover, this was accomplished with a budget of \$6,000.00 only, which is hardly sufficient to send one three cent letter to our 192,000 Ontario farmers. Surely, if this can be done with only limited funds, greater accomplishments will result if more financial support would be given.

Those present at the meetings voted to have collectors visit every farm and ask for 25¢ or 50¢. The funds arising from this collection will be used to finance the Township and County Organizations.
